Ever since I can remember, this was the most valued book in the bookcase.—Mrs. S. Thompson, Smith street, Kingston, Ont. "Mother has had Dr. Chase's Receipt Book for 20 years, and I tell you, it is a good one.—Mr. John Miller, S. Salt Spring, B. C.

It may be safely said, without fear of contradiction, that there is no more useful book to be found in any home than Dr. Chase's Receipt Book. The proof of this statement rests in the fact that several millions of copies have been sold, and it is sometimes said that the circulation is second only to that of the Bible.

From the time he began the study of medicine it was a hobby of the doctor to collect all recipes and prescriptions of exceptional value. There is so much of the doctor's own experience and history woven into these recipes that you cannot use his book without feeling that you know him personally and appreciate his sterling character.

The Receipt Book was soon widely circulated, and aroused so much favorable opinion towards the doctor that he found the demand for his medicines far greater than he could supply. This led to the latest edition of Dr. Chase's Large Receipt Book, containing over 1200 pages, will be sent, postpaid, on receipt of price, \$2.75, by Edmanston, Bates & Co., Ltd., Toronto.

But the doctor has protected you by having his portrait and signature printed on every box of his medicines. By taking care to see these on the box you buy you can be certain that you are getting the genuine.

Dr. A. W. Chase's medicines are for sale by all dealers, or sent on receipt of price by Edmanston, Bates & Co., Ltd., Toronto.

Ford Car Takes the Place of all These Things

WHEN you own a Ford you can do away with many articles that are a source of continuous expense to the man who still drives a horse. For instance, not only your driving-horn, but the single harness, blankets, whips, currycombs, horse-shoes, pitch-forks, feed-bins, etc.

In their place you have a speedy, dependable, dignified, roomy Ford—complete in itself. It is vastly superior to the narrow, rickety buggy that travels so slowly. And when a Ford is standing it does not eat three meals a day, and it requires no "looking after."

A Ford will save you time, trouble, and money. It is the utility car for the busy farmer and his family.
