### Farm Crop Queries

Conducted by Professor Henry G. Bell

The object of this department is to place at the service  
of our farm readers the advice of an acknowledged  
authority on all subjects pertaining to soils and crops.

Address all questions to Professor Henry G. Bell, In-  
charge of the Wilson Publishing Company, Limited, Toronto.  
In the order in which they are received. When writing kindly mention this  
paper. As space is limited it is advisable where immediate  
reply is necessary that a stamped and addressed envelope be  
enclosed with the question, when the answer will be  
mailed direct.

### AUSTRIANS ILL-FED AND RAGGED

Prisoners Captured by Italians  
Include Many Under-Sized Youths.

With the Italian Army June 16.—  
In their attempt to cross the Piave in  
great force Saturday, the Austrians had  
the city of Treviso as their objective.  
In getting across the Piave the  
Austrians paid a tremendous sacrifice  
before the machine-gun fire of the  
Italian defenders of the western bank.  
Counter-attacks by Italian infantry  
and heavy Italian artillery fire forced  
the enemy to retire from most of his  
gains along the Piave.

An order found in the pockets of  
prisoners was to the effect that the  
Austrians were to be at Freganzio,  
south of Treviso, on Saturday night.

One of the most brilliant of the  
Italian actions was the defence of the  
Monte Moschino salient protecting  
the important Brenta positions. Here  
the Austrians suffered heavy losses.  
Many of their machine guns were cap-  
tured.

The prisoners are ragged and ill-  
fed. Many of them are under-sized  
youths. One of them remarked to  
the correspondent that he had no in-  
terest in the war.
