Nerves of the Stomach

Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds — Had to Take Sleeping Powders to Get Any Rest.

Many people never realize that the movement and action of every organ of the human body is dependent on the energy supplied by the nervous system.

When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected. Appetite fails, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body.

Mrs. Geo. S. Ellis, 46 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and, although he doctored for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight, and kept on going down until he had lost twenty pounds. We had read advertisements in the newspapers for Dr. Chase's Nerve Food and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. He found benefit almost from the start, and continued this treatment until he had taken about twelve or thirteen boxes. The results were most satisfactory. He is now enjoying good health, sleeps well and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and thinks them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicines and cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for $2.50, at all dealers or Edmanson, Bates & Co., Limited, Toronto. Do not accept substitute.

THE FAULT IS YOURS.

If you want to live in the kind of a town,
Like the kind of town you like,
You needn't slip your clothes in a grip,
And start on a long, long hike.
You'll only find what you've left behind.
For there's nothing that's really new.
It's a knock at yourself when you knock your town,
It isn't your town—it's YOU.

Real towns are not made by men afraid,
Lest somebody else gets ahead.
When every one works and nobody shirks,
You can raise a town from the dead.
If you will make your personal stake,
Your neighbors will make one, too.
Your town will be what you want to see,
It isn't the town—it's YOU.
