

NEWS FROM SURROUNDING TOWNSHIPS

BY STAFF REPORTERS

KIMBERLEY

(Special to The Standard.)

We are sorry to report our general merchant and Hydro man, Mr. D. L. Weber, critically ill with pneumonia and flu—hope to hear of his speedy recovery.

Little Miss Nettie Abercrombie is recovering nicely from her fractures and wounds.

Miss Pearl and Mabel Reid spent one evening recently the guest of Mrs. P. Fawcett.

Mr. Wilfred Plant, of Portlaw, the purchaser of the Eagle farm, has started ploughing and is making much progress.

We are glad to report the sick children are much better.

Mr. T. J. Abercrombie lost a valuable sheep recently.

We are pleased to report our doctor

HEALTH TALK

SPANISH INFLUENZA OR GRIP

BY DR. LEE H. SMITH.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid.

The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape this disease.

Remember these three C's—a clean mouth, a clean skin, and clean bowels.

To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two days, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that both milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance.

The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salazetas has been dissolved in a quart.

After an attack of grip or pneumonia to build up and strengthen the system obtain at the drug store a good iron tonic called "Ironite" Tablets or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.

J. F. McKee almost entirely better after an attack of flu.

We are glad to see Mr. and Mrs. H. Ellis able to be out again, after their illness of the epidemic.

We learn Mr. Harvey Cornfield is going to try farming next year. Harvey is a generous, upright and obliging young fellow and we wish him every success.

PRICEVILLE

(Special to The Standard.)

We have been enjoying some fine fall weather of late which came in good for finishing up threshing, harvesting root crops and fall plowing.

Some excellent crops of turnips have been harvested from land in and near the village.

The citizens of village and vicinity are no doubt thankful that they have escaped the prevailing ills as well as they have during the past few weeks. D. G. McLean, son and daughter, who have been laid up with the "Flu" are improving nicely and we hope to see them in normal health again, immediately.

Farquhar McEwan who has taken over the mail carrying contract on Route No. 2, formerly held by Don McLaughlin, seems to be giving good satisfaction.

Watson's chopper mill has been kept very busy lately and Willie McLeod was added to the mill staff during last week.

G. A. Watson shipped a car of potatoes last week.

WALTERS FALLS

(Special to The Standard.)

Hallowe'en passed off very quietly in our village—no damage done.

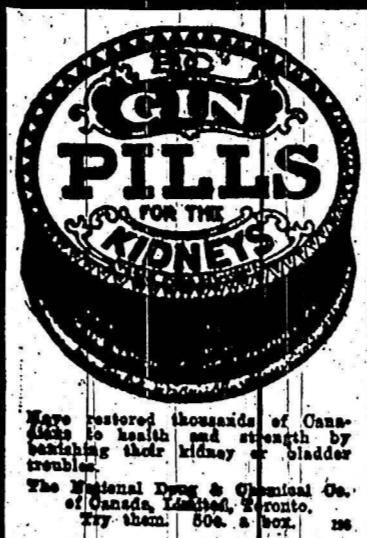

Our mail carrier's car took the flu on Friday and refused to go, but is a little better at time of writing, but not going satisfactorily yet.

The local hunters, Mr. T. G. Proud and R. H. Olmstead, have gone on their annual deer hunting trip up north.

Mr. Orville Shepherdson has purchased a new driver, he says it's a good one—it would need to be to stand the drive over those hills.

Mr. Wm. Bonnell has his grist mill running again and everybody reports getting a good job done since getting the flume in now.

Sunday passed off very quietly in

our village on account of churches being closed.

All cases of flu in this locality are progressing favorably.

Threshing is about done in this locality; roots are the order of the day now.

UNION HILL

(Special to The Standard.)

Most of those sick with the influenza epidemic in our burg are recovering.

A gloom of sadness passed over this vicinity on Saturday when it was learned of the sudden death of Mrs. Wm. Rowe. She went to bed about 11 o'clock Friday night in her usual health; about midnight Dr. Ego was called, but did not think that she was seriously ill, but death claimed her at 7 o'clock Saturday morning. Deceased was in her 30th year, was the eldest daughter of Mr. and Mrs. Rob. Burrell, was married about 10 years ago. She leaves two little girls and a grief-stricken husband. Mrs. Rowe was highly respected by all who knew her; she was a kind wife and a good devoted mother, and her sudden demise leaves a vacancy that never can be filled. We deeply sympathize with Mr. Rowe and all the friends in their bereavement.

Flesherton and country around met with a severe shock and great loss by the sudden death on Saturday of an esteemed citizen and physician in the person of Dr. W. T. Little, who fell a victim to blood poisoning while overcoming an attack of influenza, contracted waiting on his patients. On Thursday night Drs. Cavalier, of Owen Sound, and Ego of Markdale, were with him and the symptoms being alarming he was taken on Friday to Owen Sound Hospital where early the following morning he succumbed to the infection. The funeral took place from his father's residence at Owen Sound on Sunday afternoon under Masonic auspices and was attended by a large number of the Order at Owen Sound and this place. He held the position of Junior Warden in Prince Arthur Lodge here and in the following members joined the brethren at Owen Sound in committing his remains to the tomb: T. A. Blakely, Past D.D.G.M.; Thos. Henry, W.M.; Dr. Ottewell, P.M.; J. Wright, P.M.; Dr. Murray; C. N. Richardson, C. J. Bellamy, W. L. Wright; D. MacTavish, T. Clayton and M. Wilson. Among the many beautiful floral tributes was a Masonic design from the Lodge here.

Dr. Little was also a member of the Methodist Episcopal Church.

After only a few days illness with pneumonia, Mrs. Albert Kendrick of Lyndhurst, Leeds County, passed away at the home of her sister, Mrs. Wilson McMullen, near Ceylon, on Wednesday morning, October 30th, aged 51 years. She had come from her home to assist in nursing her mother, Miss Mary Wilson, ill with the flu, and contracted the malady which so suddenly ended her life. A sad feature of the death was that she passed away before her husband arrived. The remains were taken the following day to her old home for interment. The deceased, who was formerly Miss Mary Wilson of Cremorne, was for some time a milliner before her marriage and was a popular and very highly esteemed young lady.

Mr. Harold Smith, a young farmer on the 8th concession, Artesia, died at his late home there on Wednesday of last week after a brief illness with influenza.

The funeral took place on Friday afternoon to Providence cemetery in Osprey. The deceased, who was 22 years of age, leaves a young widow and one child with whom the community deeply sympathizes.

At the time of her husband's death Mrs. Smith was also ill with the flu but is reported recovering.

While unfortunate in losing a citizen and physician this village and community is fortunate in having still Dr. Bibby, a physician of well known skill, who has conducted a successful practice for many years.

Rev. C. A. Belfry, Councillor Mathewson, G.B. Welton and Stewart MacTavish attended the funeral of the late Dr. Little on Sunday.

The little two-year-old son of Mr.

on October 20th. The body was brought home for burial and the funeral took place from his mother's residence at Flesherton cemetery on Saturday afternoon last. Revs. Belfry and Quinn conducted the obsequies. The deceased, who was 35 years of age and unmarried, was born near Ceylon. About seventeen years ago he went to the West and was employed as a C. P. R. operator for some time. The day after war was declared he enlisted and going overseas spent two years at the front. He fought in the battles of St. Julian and Ypres and was wounded three times. In July last he was invalided home and after a short visit returned to the West where he resided until the fatal malady seized him.

Last week we noted the news received of the serious illness of Pte. J. MacBannon at the Coast enroute to Siberia with the Canadian Expeditionary Force, but our item was not in print when the sad news came of his death at New Westminster, B.C., on October 29th, due to pneumonia following influenza. His passing suddenly was a shock to his relatives and numerous friends here. At the request of his relatives the remains are being sent home and are expected to arrive here this Monday evening to be taken to the home of his parents. Mr. and Mrs. T. M. Bannon, from where the funeral will take place to Flesherton cemetery on Tuesday afternoon, under the auspices of the I. O. F. here, to which he belonged. Services will be held at the house conducted by the family pastor, Rev. A. McVicar. The deceased, who was 26 years of age, was a steady, industrious young man with good habits and a genial manner which made him many friends. He was a jeweller by trade and was in the employ of his uncle, W. A. Armstrong here, when called to the colors about six months ago. He was married last May to Miss Rita Buskin, of this place, and the young widow, together with his parents and two brothers, have the sincere sympathy of many friends in their bereavement.

Flesherton and country around met with a severe shock and great loss by the sudden death on Saturday of an esteemed citizen and physician in the person of Dr. W. T. Little, who fell a victim to blood poisoning while overcoming an attack of influenza, contracted waiting on his patients. On Thursday night Drs.
