"CASCARETS" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Cascarets tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental blears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't hurt tender little Stomach, Liver and Bowels.

Look at the tongue, mother! Is your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

TRAVERSTON

(Special to The Standard.)

We are meeting with much kindness as we go up and down the concession lines, on Victory Bond work.

Miss Glenna Campbell, teacher at Wellbeck and her brother, Pte. Aleck Campbell of Crawford, were guests at the home of Mr. John Beaton over the week-end. The latter leaves for Stanley Barracks on the 15th.

Mrs. Ed. Embury and Mrs. Stella Forsythe, of Toronto, are holidaying at "Rose Lawn," the cosy home of Mr. and Mrs. W. J. Cook.

Pte. Ivan Edwards leaves for Lucknow on Wednesday to spend a week with relatives prior to taking a six months course in Toronto.

Assessor Binnie was around these concessions lately and is doing good work. Assessments are being raised a little this year on all ratepayers and will bring Glenelg more in line with surrounding municipalities.

Mr. Patrick Haley, sr., though 83 years of age, is doing the work of men 30 years younger and is as bright and active as a youth. He has one of the largest and best flocks of sheep in the township.

The machines are finishing up this work after a most successful season. They've done good work, made some money for themselves and the grain has turned out beyond expectations and is A1 in quality.

After a most strenuous fight against that dread disease—pneumonia, Mr. Frank McCarthy, eldest son of Mr. and Mrs. John McCarthy, of the 10th con., passed away at 2 o'clock on Sunday afternoon. The family have all been suffering from influenza for the past two weeks or more, save Miss Josephine, who has proved a little heroine during the trying days and nights. Frank's case has been serious from he first became a victim of the disease, but good medical care and constant nursing were given him and at times fairly good hopes were held out for recovery. He was a fine type of physical manhood, twenty-three years of age, a splendid worker, taking pride in all the work of the farm, kindly and companionable—his loss is a sore one to parents, brothers, sisters and comrades. The funeral took place on Tuesday morning to St. John's, Rev. Father Flanaven conducting a solemn and impressive Requiem Mass. The sympathy of the whole neighborhood goes out to the bereaved.

LILY OAK

(Special to The Standard.)

We have had our Indian Summer; how look out for our Indian Winter.

Mostly everyone around here has their potatoes and roots up.

Some have had the 'Flu' but are coming around nicely.

Mr. W. J. Walker, of Harkaway, is shingling Mr. Alex. Kinnear's house.

Mrs. Thos. Dennison spent the week end with her brother, Mr. Al Woyce.

Mr. C. McCauley went to Toronto on Saturday to report for service.

Mr. Alex. Kinnear received a cable the other day stating that his son, Pte. Almer Kinnear, was killed in action in France on September 28th. His other son Bert, is wounded. Much sympathy is felt for Mr. Kinnear and family.

NOTICE!

We call the attention of our friends to the fact that we have made contract for An Extremely Interesting War Map Service, which will be on exhibition in our Office hereafter. These Maps will show The Big Battle Fronts in Europe, where "Our Boys" are going, with fine half-tone illustrations of the chief War Scenes. A new map will be put up every week or so. The Public is cordially invited to call weekly and examine this very interesting historical summary. See us about securing a copy of this Remarkable War Map for your own home.

The Dreaded Message

IT is the women that have suffered most in this terrible war—
"For men must work
And women must weep."

Theirs has been the worry and anxiety. The watching and waiting, in constant dread of what might happen.

Because mental suffering is far more distressing and debilitating than physical pain and discomforts women have had the greatest burden to bear.

The strain has been both severe and long, and the result is an alarming increase in diseases of the nerves. Nervous headaches, neuralgic pains, nervous prostration and exhaustion, restlessness, irritability and melancholy.

These are some of the indications of nervous breakdown.

The building up of an exhausted nervous system is oftentimes a somewhat tedious process, but with the persistent use of Dr. Chase's Nerve Food you can be sure that restoration is both [illegible] and [illegible] by [illegible] to the depleted nerve cells the nourishment essential for their restoration.

Mrs. S. N. Hurst, Barrie, Ont., writes: "About thirteen years ago, owing to a shock I had received, my nerves simply got the better of me. I could not sleep at night or work in the day time. I suffered from a trembling sensation in my stomach, and kept up continually. I doctored for about a year and a half without getting any relief. Then some one advised me to try Dr. Chase's Nerve Food. I did so, and for a while was nearly discouraged, but as I was taking the first box I found I was getting a little better. I then continued the treatment until I had taken six boxes, and during this time seemed to be getting better as time went on. The trembling in my stomach ceased, and I was able to sleep without any effort. I am grateful for having been advised to use Dr. Chase's Nerve Food, as I had given up hopes of ever getting any relief, and therefore gladly recommend the [illegible]
