SPANISH INFLUENZA

Do Not Fear When Fighting a German or a Germ!

BY DR. M. COOK. The food after always wins and so there is no need to become panic-stricken. Avoid fear and crowds!

Exercise in the fresh air and practice the three "C's": A Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza, bacillus, take a good liver regulator to move the bowels. Such a one is made up of May-apple, leaves of aloe, root of jalap, and is to be had at any drug store, and called Pleasant Purgative Pellets.

If a bad cold develops, go to bed, wrap up well, drink freely of hot lemonade and take a hot mustard foot-bath. Have the bedroom warm but well ventilated. Obtain at the nearest drug store "Annie Tablets" to flush the kidneys and control the pains and aches. Take an "Annie" tablet every two hours, together with copious drinks of lemonade. If a true case of influenza, the food should be simple, such as broths, milk, buttermilk and ice-cream; but it is important that food be given regularly in order to keep up patient's strength and vitality.

After the acute attack has passed, which is generally from three to seven days, the system should be built up by the use of a good iron tonic, such as "Irontic" tablets to be obtained at some drug store, or that well known blood-maker and herbal tonic made from roots and bark of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

Dugald Clark's sale on Tuesday of last week was a very successful one. Auctioneer McPhail realizing some \$1000 into the bidder's hands.

For nearly three weeks we've been up and down the concessions from the 4th con. northward to Holland. We've been through wire fence and over the old snake rail-ones; across plowed fields and into turnip patches; into swine pens and well-filled granaries; been over the poor step of humble homes and through the portals of stately, handsome residences; and during it all have met with nothing but courtesy, kindness and whole-hearted hospitality. The hills and dales of old Glenelg, with its descendants of mixed nationalities, broad a people of wide outlook, generous impulses and witty and genial characters. They are progressive, they are in bargaining and "divvy" to business. We've only one criticism—there's too many bachelor homes. Good fellows, too, but need a little encouragement from the fair sex. Among those we ran across are—E. J. Sullivan and George H. Paul and Thos. Nelson, Alf. O'Neill and Will Ryan, James and Archie McArthur, Jas. Banks and John Timmins, Sandy McDonald and Joe Haley, Alex. and Norman Campbell, Jim Watson and Jack Jones, Pat. McAssey and Ed. Harvey, Jim McNally and John McKechnie, Dan McEwen and Frank Meagher, Will Henderson and P. Malone, Dan and Henry Callahan, Will and Dan McCreilly, John and James Connor, Albert Living (one and Carl Engleish, "Ad Finem". Fine fellows, everyone of 'em. Just need a little witchery spell thrown over them. Among their things we observed were—Wm. Brady and Wm. Baker, the wealthiest porters; Mrs. Landis, the largest flock of ducks; Mrs. W. J. Cook and Mr. R. E. Ryan that of geese; Mrs. Colin McArthur the largest and most varied power garden with Mrs. John Gray a close second; Mrs. Steve Deane, the biggest turkeys. Many improvements have been made in homes. Among these are—R. Moran, Colmer Bros. of the 12th con., Jim McNally, James McCarthy and John O'Neill. The trustees of St. Joseph's are residing in their school. Thos. Nelson has put up a new bee house. Jas. Hastie a neat garage. Geo. E. Peart, a large bigness. John McVie, a commodious sheep house. We believe Mr. and Mrs. Ed. Norris have the largest and handsomest family. There are three women of great age in the district we traversed. Mrs. Connor of the 12th. Mrs. Duffan of the 10th, and Mrs. McDonald of the 11th. We carry in memory many pictures of happy life, bright family circles, and cozy homes. A feeling of great gratitude and a glow of thankfulness steals over your spirit as he reviews the kindness received during the campaign.

This neighborhood was saddened last week to learn of the death of Edmondson on Monday, November 11, of Mr. Asa Robson's eldest brother, of Mr. J. H. Robson, and one of the brightest and cleverest youths ever reared in Glenelg. He was born on the homestead on the 11th con. 14 years ago and at the age of 17 won a 3rd Class certificate from S.S. No. 2, where he had control at the time. Later he took his 2nd at the Owen Sound Collegiate, modelled and taught successfully in the home school for two years and later in Waterloo Co. About fifteen years ago, he went to Edmondton and with his brother-in-law became a partner in the H. Clark Manufacturing Co. and was Sec. for the same. Some eleven years ago, he was most happily wedded and two children were born to them. Besides his beloved partner and children, he leaves two brothers, four sisters and his aged mother to mourn his untimely death, namely, J. H. on the homestead, Chas. G. and T. Flynn and Miss May E. in Toronto. Mrs. George May in Saskatoon. The deep sympathy of a wide circle of friends and school mates is extended to the sorrowing ones.

Coming as it did after hostilities had ceased, the news indeed seemed doubly sad and was a great shock to the entire community, who were looking forward to the early return of the boys from the front. Charlie, in company with his brother, Will, enlisted in the 47th Bat. in the spring of 1914 and proceeded overseas in October of that year. His name had twice previously appeared in the casualty lists. He was wounded in the great battle of Passchendaele in November 1917 and was sent to a hospital in England. He recovered and returned to France where in August last he was gassed and had barely recovered from the effects of this when he received his fatal wound.
