THE HEROES' MEMORIAL.

Perhaps there never was a better or greater opportunity given to this community of giving expression to something of the depth of gratitude we owe to the men who shall not return to us, than that of erecting to their memory a memorial befitting the sacrifice they have made, as well as worthy of the community they have represented.

The proposed memorial ought to require no effort on the part of any press, knowing as we do that they have saved for us our freedom and our country suffered untold hardships and innumerable calamities and indignities.

If we understand our constituency correctly we know that they will be ready and willing, when the suitable memorial is decided upon, to subscribe to the limit to the members of the Memorial Committee, whose duty it will be to wait upon them.

Let it be understood that this memorial is to the men who sleep in Flanders' fields, he erected in Markdale.

THE MARKDALE BAND.

We trust that the Markdale Council will, at an early date, favorably consider the re-organization of "Markdale Citizen's Silver Band." A band of this nature is a distinct asset to the town and is a guarantee of innumerable advantages. The Standard will support to the limit anything that will be for the advancement of the town. Boost for the Band!

CAN'T AFFORD TO.

The daily papers of last week announced that a call had been tendered Rev. J. Thirburn-Cogn of Markdale, to go to Boston. He cannot go because Markdale needs him. Since Mr. Conn came to Markdale there has been one more energetic, no citizen more enthusiastic for the welfare and advancement of our town. His untiring efforts to work for the town are certainly appreciated. The congregation of his charge also appreciate his valuable qualities and rare ability. It is true, we can't afford to let Rev. Mr. Conn leave us. We must all show this, and put forth an effort to have him remain.

SURELY NOW IS THE TIME TO PUT OUR BUSINESS PLACES, OUR HOMES, AND OUR SUPPLY PLACES IN A SANITARY CONDITION. Markdale is having shown one of the places that visited to excess. Let every place be made sanitary, especially the way so that at all times the sanitary inspector may have a report.

HOW TO FIGHT SPANISH INFLUENZA

BY DR. L. W. BOWINTON.

Avoid crowds, coughs and cowards, bat fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warmly, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-nr) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c. to Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., for trial package.
