

GREAT BRITAIN DEMANDS \$40,000,000 REPARATION FOR WAR

War Cost the British Empire That Amount—Germany to Pay \$2,000,000,000 Yearly Until Claim is Satisfied.

A despatch from London says Premier Lloyd George has announced a demand from Germany of \$40,000,000 sterling on behalf of Great Britain and her Dominions as reparation for the war. This, according to the Daily Mail, is what the war cost Great Britain and her Dominions, and British taxpayers will be relieved of \$100,000,000 per annum by the German payment.

The British claim, says the Daily Mail, has been prepared by a committee under Mr. Hughes, the Australian Premier, and Baron Cunliffe, former governor of the Bank of England, who is one of the principal members of the committee. It adds that it is expected the report will be published Saturday.

The Daily Mail says the French claim for reparation will be infinitely larger than that of Great Britain.

ALSACE-LORRAINE PRESENTS KEYS

President Poincaré Assures the People They Will Never Be Relinquished.

Strasbourg, Dec. 9.—President Poincaré and the Government and Parliamentary party of France were given to-day in Strasbourg, the former German capital of Alsace-Lorraine, the nearest thing possible to an official greeting in the province. The Emperor being defunct and the Republic dissolved by its own consent, there exist no Parliamentary institutions, but unofficially the native Alsacians of the defunct assembly gave President Poincaré, Premier Clemenceau and members of his Cabinet, and several hundred members of the French Parliament, and members of the diplomatic corps of the Entente powers, including Marshal Joffre, Gen. Petain and Haig and Gen. Pershing, a reception that may be considered as having the sanction of official Alsace to the reasserted authority of the French Government over the province.

MANY LANGUAGES AT PEACE TABLE

Diversity of Races Will be Present at Versailles Conference.

A despatch from Paris says Translators in 23 languages, including Chinese, Arabic, Turkish, and some not even so well known, have been called for by Brigadier-General William W. Harts, who is directing the equipment of the American peace delegates. The number required is indicative of the diversity of the races and countries before the Peace Conference, either through participation in the war or by reason of treaties or other relations.

The full list of languages comprises French, Italian, Greek, Japanese, Spanish, Montenegrin, Norwegian, Bulgarian, German, Hungarian, Turkish, Chinese, Portuguese, Polish, Swedish, Persian, Russian, Serbian, Armenian, Czech, Rumanian, Danish and Arabic. This, with English, makes the quota 24.

The knowledge of the languages possessed by translators must be complete in order to get the precise meaning of treaties and documents, and not the ordinary speaking-knowledge.

The first effort will be directed at obtaining translators from among college men or army men, and should these be lacking others from various civilian occupations will be taken.

SOME DELAYS TO BE EXPECTED

Natural Causes Combine With Others to Hamper the Transport of Troops.

Ottawa, Dec. 9.—That the people of Canada must prepare their minds for many and vexatious delays in the carrying of Canadian soldiers from Halifax to the various dispersal points throughout the Dominion is the warning given by the Military Department here to-day. It is pointed out that in peace times, when the trains from the east and elsewhere in Canada are often held up for many hours by reason of heavy snowfalls and bad winter storms, these things are beyond the power of the Department of Militia to control, and the Canadian must not think that the Department is the only agency in the matter. It is pointed out that in the winter time, when the roads are frozen and the weather is so severe, the transport of troops is hampered in many ways. GERMANS MUST MAKE PLAINS TO ALLIES

Washington, Dec. 9.—Notes were sent to Berlin and Vienna by the State Department to-day advising the German and Austrian Governments that the United States desires to receive no further communications from them which should properly be addressed to all the allied nations.

HOLLAND TO YIELD TO ALLIES' DEMAND FOR EX-KAISER'S PERSON

Dutch Legal Authority Declares Wilhelm Entered Country False Pretence—Holts Hun Responsible for Outrage.

Amsterdam, Dec. 8.—Dutch public opinion concerning the disposition of the ex-Kaiser has been roused at last. The Dutch are now fully expecting an allied demand for his extradition. Dr. Louis Israele, a distinguished legal authority, in an article on the subject in the Amsterdam Telegraaf, points out that the ex-Kaiser did not come to Holland as a private person, arguing that the text of the abdication, particularly his appeal to the German people, to which he affixed the imperial signature and seal, constituted an imperial action on Dutch soil, irreconcilable with the acts of a private person.

CANADA KEPT BRITAIN IN BUTTER TWO MONTHS

A despatch from Ottawa says—The daily industry throughout Canada will rejoice to learn, says a Ford Board statement, that its patriotic service, rendered in the recent supply of butter for export to Great Britain to meet a pressing emergency there, has met with the most cordial appreciation from the British authorities and the people generally.

ENEMY KINGS WILL BE TRIED BY ALLIED COURTS

The Former Rulers of Bulgaria, Austria and Turkey Will Be Brought to Justice as Well as the Hohenzollerns.

A despatch from London says—Sir Auckland Geddes, President of the Local Government Board, and Minister of National Service, in a public address, said that the line of policy advocated by the Coalition Government was a peace which, so far as the enemy powers were concerned, should be based on stern justice, and so far as those men who planned and started the war were concerned, should be founded on justice of the nature meted out in the highest courts of the land. Such men as the former German Emperor, Enver Pasha and the former rulers of Bulgaria and Austria would be placed on trial and it would gild their lives would be forfeited.

Task of Feeding Europe Considered at Important Meeting.

London, Dec. 9.—The most important meeting yet convened to consider the plans of feeding the freed peoples of Europe and the relaxation of the embargo on enemy countries to permit the relieving of their stricken populations was held here to-day. It was attended by representatives of the allied countries and America. There was practical agreement on all points, the only difference being as to the methods by which relief in certain places is to be granted.
