THE BANK OF TORONTO

Incorporated 1855 Capital: \$5,000,000 Reserve: \$6,555,000

HEAD OFFICE - TORONTO

THE Bank of Toronto has pleasure in inviting your attention to the new branch recently established in Markdale under the management of Mr. W. L. Young.

The private banking business of McCullough & Young, in which Mr. Young has been the active partner for 28 years, had grown to such proportions that the firm considered the interests of their many customers would be better served by the Bank of Toronto...

Agriculture is fundamental, and it is the policy of the Bank of Toronto to encourage and assist farm production. Liberal advances will be made against cattle and other farm products.

Mr. Young's long experience and acquaintance with the district will be helpful to our customers and you are invited to consult him freely.

Thos. F. How - General Manager

TO MALES OF MARKDALE:

We read in the papers about what is going to be done in the wide world. "Now the war is over!" The world is wide indeed, but the little town of Markdale with its everyday life and struggle for existence is a world in itself...
