

THE MARKDALE STANDARD

WEDNESDAY, JANUARY 29, 1919.

OUR HEROIC DEAD.

Canada reminds one these days of the early months of the great world war, because of the enormous number of her khaki-clad sons in evidence throughout her vast territory.

There are many thousands of Canada's noble sons who will never return to the homeland. Not only did they give their lives for their home and country, but they remain in the hands of beautiful, chivalrous France, who will, no doubt, see that those sacred spots are suitably beautified, befitting their sacrifice.

An ordinary reader of the daily press will be struck by the spontaneous desire to erect in their separate communities a permanent memorial to their gallant sons. The local press of Grey County are full of suggestions for this purpose.

Let the movement be started, as soon as convenient. Let it become known what the memorial is to be, where it is to be placed and approximately the total cost, and sufficient finances to cover all will be subscribed.

UNION HILL

A gloom of sadness passed over this vicinity on Friday when Mr. and Mrs. Wm. Aitken received the sad news that their son, John Aitken, had died that morning in Toronto.

Mr. and Mrs. Oscar Truman, of Vandeleur, were the guests of Mr. and Mrs. W. H. Clark on Saturday.

Miss Reta Semple, who spent the past few weeks with Mr. and Mrs. J. McNally returned home to Fever-sham on Saturday.

Placed to report the sick of our burg all recovering from the flu.

SOUR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diapepsin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress due to acidity will go. No indigestion, heartburn, sourness or belching of gas or eructations of undigested food, no dizziness, bloating, foul breath or headache.

WALTERS FALLS

(Special to The Standard.)

Born—On January 29, 1919, to Mr. and Mrs. Hugh Caswell, a son.

The community was shocked to hear of the death in Toronto of Miss Evangeline Gibson, granddaughter of Mr. John Deléree, interment to take place on Tuesday afternoon.

Quite a number from the village attended the party at W. Wright's, of Mr. Carnot Wright, who has just returned home from France being wounded three times.

Quite a number from Rocklyn attended the annual meeting of the Agricultural Society held here.

A very happy event took place at the home of Mr. and Mrs. Alfred Ward when their daughter, Edith, was united in marriage to Mr. Donald Carmichael on Wednesday January 22nd.

The Eleven Thirty's have started again with their usual crowds and good times.

Mr. and Mrs. Howell and baby, Donald, of Moose Jaw, Sask., visited the week-end with Mr. and Mrs. T. Findlay.

PRICEVILLE

(Special to The Standard.)

January, 1919, has been exceptionally fine and mild, enough snow to make good roads, but some farmers have difficulty getting into swamps to work at timber, because the wet ground has never frozen up.

At the postponed school meeting on the 17th, Mr. H. B. McLean was elected to fill the vacancy.

Miss McArthur, one of the pioneers of the Glen, a few miles west of Priceville, passed away peacefully on the night of January 21st, aged 90 years.

On Friday morning of last week, our citizens were greatly shocked to hear of the tragic death of Neil McDonald, second son of Mr. Alex. McDonald, about two and half miles south of this village.

The postponed memorial service for the late Mrs. Watson, as previously announced, was held on Sunday last, 26th at 11 a.m. Rev. J. McCarten delivered a fine comforting address.

The postponed memorial service for the late Mrs. Watson, as previously announced, was held on Sunday last, 26th at 11 a.m. Rev. J. McCarten delivered a fine comforting address.

The postponed memorial service for the late Mrs. Watson, as previously announced, was held on Sunday last, 26th at 11 a.m. Rev. J. McCarten delivered a fine comforting address.

production until his recent demise. Besides his sorrowing parents, our late friend is survived by two brothers, John of Beaverdale and George of this vicinity and two sisters, Mrs. J. W. Wiley, of Wodehouse, and Mrs. A. Thompson, of Riverdale. Interment took place in Markdale Public Cemetery on the following Wednesday, funeral obsequies being conducted by the Rev. V. M. Lee, Temple Hill.

KIMBERLEY

(Special to The Standard.)

The weather is still mild, it looks as if we would have an open winter.

On January 21st while J. R. Fawcett was returning from his wood lot, near Duncan Lake, he killed a real live snake.

Our old friend, T. B. Carruthers, leaves for his home in the West after an extended visit with friends in these parts, on Sunday evening last. He treated the congregation in the Methodist church with a beautiful solo which was well rendered.

Mr. J. J. Harvey, Misses Margaret and Dorothy, spent a day recently with the former's sister, Mrs. Has. Ward, Wodehouse.

At the January meeting of the Women's Institute Mrs. W. J. Ward read a very interesting paper on "Varieties of meats and how to cook them."

Mr. and Mrs. W. E. Bradey were visitors at Mr. G. S. Taylor's, Harkaway, first of the week.

Miss M. Leslie, town, visited with Mrs. John Wythil, a few days last week.

Work is about finished at the Power House until a large pipe and other machinery arrives.

Messrs. Orr and Moore, of Proton, were callers in our burg one day last week.

Miss Myrtle Carnack arrived home after an extended visit with friends in Toronto.

A number from here attended the Annual Meeting of the Beaver Valley Telephone System at Heathcote on Monday, January 27th.

(By another correspondent.)

The continuance of March-like weather suggests the question of plowing on some of the open hillsides in the valley. If the frost gets its grip sufficiently, there may be some such work commenced.

Some of the workmen from this village, who have been working steadily at the Power House, are rapidly bringing their work to a close. The work is a credit to those who had it in hand.

The skating rink has been suffering from the attacks of the mild south and south-west winds. However, it quickly rallies, and, with the help of sudden dips of temperature, an evening's skating is soon provided for.

The bare hillsides below the reservoir make it impossible at present to carry out the plan to haul gravel and sand to enlarge the reservoir, as was decided some time ago.

Mr. W. C. Harris, having overhauled his buzz-saw outfit, is in a position to do fast and satisfactory work in cutting buzz-wood. His services are generally much in demand.

Squire Stuart and others have been trying to arrange for an improved road to Thornbury. It is suggested that a permanent road be made of the present winter road from the end of the Valley Road North; at Conn's Landing, to Julian's sideroad. This change would make it possible to avoid the steep hills on the present public road.

Many good and thoughtful people, for apparently good reasons, have been severely criticizing the 'start made to hold dances again in the neighborhood.' The practice had almost died down during the war.

Parents, one faced with the possibility that their boys might be taken for military service, are now faced with the fact that both sons and daughters may be influenced away from good work to dissipate their energies in the blighting dance.

In this community it always tends to interfere seriously with educational, Sunday School, and Church work, so those interested say. Moreover, an adjoining community recently suffered in religious work through the influence of the dance as exerted from our Valley. We wish it were not so, but we stand blamed by those interested. Are we merely going to wink at conditions affecting the whole community or are we going to do our duty and stand out squarely against the practice? It is pleasing to know that our best people are against the return of the dance, and would call upon all to use both influence and example against it and in favor of a purer type of morals and a more edifying kind of entertainment. Let us clean up since the war is over.

The following from The Advance is an account of the death of a former Kimberley boy—"Lieut. Joe LeGard has described to The Advance the incident in which Lieut. Lawrence of Kimberley, and Edward Jamieson of Fiesherston were killed at Passchen-dale. There were five of them protecting themselves from the German fire in a shell hole. Lieut. LeGard was standing against the side of the

hole with his back to the German lines, the other four men facing him, when he heard the whistle of a shell. Lieut. Lawrence was standing directly opposite to him and the shell struck Lawrence squarely in the breast and exploded. Four of the men were killed and Lieut. LeGard was blown into the air and fell on the ground outside but without a scratch. His nose and ears bled from the concussion and he was two weeks in hospital. It was a most remarkable escape for Joe."

CHERRY GROVE

(Special to The Standard.)

The W.I. Social at Mr. Ran Bradey's last Thursday evening was a decided success. The unpropitious state of the weather doubtless kept many at home, but those privileged to be present spent a most enjoyable evening in games, music and other amusements, after which a tasty lunch was served by the hostess. Next social evening at Mrs. J. L. Irving's this Thursday. Everybody welcome. Silver collection.

Mr. F. J. Harvey, Misses Margaret and Dorothy, spent a day recently with the former's sister, Mrs. Has. Ward, Wodehouse.

At the January meeting of the Women's Institute Mrs. W. J. Ward read a very interesting paper on "Varieties of meats and how to cook them."

Mr. and Mrs. W. E. Bradey were visitors at Mr. G. S. Taylor's, Harkaway, first of the week.
