MEMORIAL QUESTION

An enthusiastic and well attended
meeting was held on Friday night in

the Council chamber, Reeve Loyd
presiding. In his opening remarks

he referred to what is being done by
the various municipalities in this

County. Public sentiment was strong-

ly in favor of the community
memorials, and he considered it up

to Markdale to act in line. A discus-

sion followed which was frank and
showed an earnest desire to have a

suitable and substantial memorial in
Markdale. It was unanimously

agreed that a monument be erected,
the site yet to be selected, and a com-

mittee of three was appointed to look
into the matter, ascertain the prob-

able cost, and report to the next
meeting. The press was requested

to make it known that the intention
is to take in all territory which

makes Markdale its market town.
Judging from the tone of the meet-

ing we may look for activity and
generosity in this commendable

movement.

THE FAIR

At the 1918 wind-up meeting of
Markdale Agricultural Society it was

generally thought it would be almost
impossible to make the 1919 Fair a

greater success. Such seems not the
case. Thoughts of new features are

continually working on the brain of
President Halbert and his staff and

Secretary Shepherson is hard-
working. They seem to be accepting

"Now is the Time" as their motto,
which is a brilliant idea as it will

afford opportunities for discussions
and exchanging of opinions, from

time to time. Finally the BEST plans
will be adopted and every effort set

forth to carry all out to the highest
possible standard.

THE PRIZE LIST this year will
be a real new one, better than ever

before. Note that the prizes are
different to those of other rural Fairs.

Altogether, the Baby Beef entries
will be a feature "worth while." The

prizes to be offered in connection with
the School Children's Parade will be

amazing, while the program of
amusements will be second to none.

Extra special arrangements will be
made to feed the multitude, after

which the best procurable talent will
be in the Armories to favor all with

J. H. STEPHENSON
OPTOMETRIST

There has been considerable
"stage talk." Why not. We certainly

need one. In fact one active,
reputable citizen says there is nothing

our town needs more than a real
good stage, as it would be of interest

to everyone—churches, schools, Agr-

icultural Society and every other
Society or organization, as well as

every person who attends gatherings
of any nature in the Armories. The

M.D.S. has been asked to put on a
play in aid of same, and have given

consented to do so. Why not have the
new stage ready for our Fall Fair

concert?

great possi-
bilities for the pro-
gressive farmer who
avails himself of the

creased production;
increased production
means increased pro-
fits.

We supply capital for productive purposes. Are you
anxious to increase your output in grain, stock, dairy
produce, or any other form of agricultural activity?
We shall be glad to furnish the funds necessary for
the realization of your ambition. Come in and talk
over your plans.
