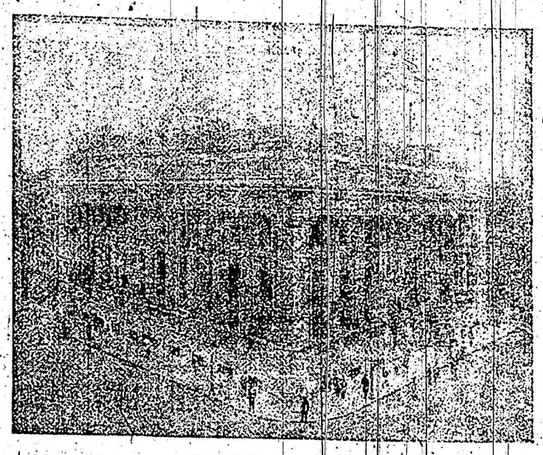
INCREASED PROFITS



HEAD OFFICE - TORONTO

are possible to the progressive farmer. He will find it to his advantage to avail himself of the banking facilities which we place at his disposal.

Money can be made by the use of money. The farmer, like manufacturers and other men of business, can increase his output and profit by using borrowed capital.

Responsible parties may secure loans from us that will enable them to increase their production of live-stock, dairy products, grain and other agricultural produce. We are here to co-operate with you and shall be glad to have you call and see us when you are in Town.
