

Had Headache For Two Years

A Barrie Man Tells of Persistent Headaches and Indigestion Finally Found His Way to Good Health.

For two long years the writer of this letter was subject to severe headaches. The nervous system got run down, digestion failed, and there was continued loss of weight.

The use of Dr. Chase's Nerve Food cheered all this, and now we see no other Barrie people Mr. Nelson is recommending the use of this food cure as the best means of building up the exhausted nervous system and curing headaches, indigestion and all the annoying symptoms of a run-down condition.

Mr. John Gader, 33 Penetanguishene Street, Barrie, Ont., writes: "During the last two years I had an attack of indigestion, accompanied by severe headaches. I suffered from loss of appetite and my system became run down. I took Dr. Chase's Nerve Food, and as they helped me I continued this treatment for some time. My condition is now greatly improved, my headaches are gone and my health in general is much better. I cheerfully recommend the use of Dr. Chase's Nerve Food to those suffering from nervousness of any kind."

The reason Dr. Chase's Nerve Food is so effective in cases of this kind is because of its extraordinary blood purifying qualities. By creating an abundance of red blood it strengthens the heart, the heart purifying the digested nerves and builds up the system in every way.

The digestive system is restored, impurities are cast out, sleep well and the new vigor and energy is felt in every part of the human body. Dr. Chase's Nerve Food's magic wonders for men, women and children whose systems are becoming weak and failing are known throughout the Dominion. Rates & C. Co. London, Ont.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a small bottle of Danderine right now—Also stops Itching scalp.

This brittle, colorless, and soggy hair is mute evidence of a neglected scalp; or dandruff—that awful scourf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength, and its very life; eventually producing a feeble ness and loss of its scales which if not remedied causes the hair roots to shrink, loose, and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair!

Get a small bottle of Knowton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you just try a little Danderine. Save your hair! Try it!

An event of more than ordinary interest took place on Monday evening of last week at the home of Mrs. J. Sullivan, of Markdale, when over 100 friends and admirers of Mr. Frank McAssey, her brother, who has lately returned from overseas and who won recognition for his valor and ability at the front, gathered to welcome him back and also to show their appreciation in a very practical manner.

After the company was called to order, Miss Lillie Black read a most complimentary address, referring to the ready manner in which he answered for service to his Valor and self-sacrificing spirit and skill as a marksman. A purse of \$58 was presented by Mr. Den Ryan as a token of appreciation.

Frank made a manly and soldierly reply for the kindly words spoken, also for the generous gift, and desired also to give his hearty thanks to the Women of Zion's Institute, to the Glenels Centre Circle, and the Glenels Centre Circle, for many boxes of comforts forwarded to him.

Pithy and appreciative speeches were given by Messrs. Wm. Murphy, Albert Livingstone, and Connell M. Black. Miss Kathleen Murphy sang a very sweet solo.

A noble and well-beloved old pioneer mother, Mrs. Mary Dulon, passed away on Tuesday morning of last week, March 4th, after a few days illness from bronchitis. She was 85 years old, being born in Kerry Co., Ireland, in 1834, and twelve years later, with her parents, Mr. and Mrs. Eugene Sullivan, came out to the New England States.

In 1854 she was most happily wedded to Mr. Maurice Dulon and thirty-seven years ago they came to Glenels and settled on lot 11, on the 9th concession.

He, through thrift and good management, they succeeded, built a fine home and had more than the ordinary farm comforts.

The "White House," as their home was called for many years, was noted far and wide for its generous hospitality and the inherent courtesy of true-hearted Irish ancestry.

We have known a bishop and trio of priests to have been there for a week at a time in the early days of St. Peter's church and the same kindly hospitality was extended to the humblest.

To Mr. and Mrs. Dulon were born eleven children, five dying in infancy.

The surviving members are: Mr. Thos. Dulon, of Toronto; Miss Delta (better known as Bridget) of Fort William, one of the wittiest maidens we ever knew; Maurice, somewhere in U.S.; Mrs. Jas. Murphy and Mrs. Ed. Norris, at whose home she has lived and been tenderly cared for the past few years; Mary (Mrs. Peter Watson), died three years ago. Twenty-one grandchildren also are living. The deceased was a woman of wonderful energy and physical powers, brilliant in intellect, a devoted member of the R. C. faith. The funeral took place at St. John's on Thursday morning. Rev. Father Flaherty conducting a solemn and impressive requiem mass after which the casket was laid away beside that of her widely-known husband, who predeceased her thirty-two years ago. Mr. Thos. Dulon, of Toronto, and his daughter, Miss Mamie, were up to the funeral. The members of the Dulon family are among the most courteous, hospitable and progressive of citizens.

At the conclusion of the ceremony and congratulations to the happy couple a dainty wedding supper was served, after which baptism was administered by Rev. Mr. Belfry to the two infant children of Mr. and Mrs. Archie Fisher and Mr. and Mrs. Geo. Fisher. The newly wedded and highly esteemed young couple, who were the recipients of many beautiful gifts, will reside on their farm on the 4th Line. We join in the good wishes extended to them.
