CO-OPERATION WANTED,

The question as to whether we are to be "dry" or "wet" is forging its way to the front and it does not require much skill to discern the tactics and proceedure of those who place more interest in the unholy traffic of alcohol than they do in the moral development of our beloved Domin-We think the time has fully come when some central organization should be formed to safeguard the interests of prohibition in our town and community. Total abolition is the fundamental means of making a country healthy, wealthy and influential. Canada has earned fame through the gallantry of her sons on the fields of battle. Let us add the additional laurel to our colors by the overwhelming majority of public sentiment that we shall he freed from the greatest despot and most demoralizing influence known to humanity. STRONG DRINK. Therefore, we would suggest that every church and society that has the welfare of the community at heart be asked to sendat least two delegates to form a central organization whose business it will be to co-operate with other organizations of a similar character, all of which will be connected with an executive body who will keep the communities well informed in all

Let's have your opinion on paper.

PRICEVILLE

(Special to The Standard.) We think that during the last six months a greater number of elderly persons in this vicinity have passed into the great beyond than in several previous seasons. On the 6th Mar h Mrs. Jas. Reid. of Durham Road, east of village, died suddenly in hor 71st year, caused by heart failure, wand Mrs. R. came to-Artemesia overforty years ago and by their industry and after some years, with the help of their son William, they have made a tidy farm and comfortable home, Deceased was a quiet, industrious woman and a lover of home. She leaves a sorrowing husband of seventy-nine years and two daughters and son. Wm., who is married and living on the homestead. The daughters are married and living somewhere in the States in the absence of their Presbyterian pastor, the Rev. Mr. McCarten, (Methodist), conducted funeral services at the residence and read the burial service in Priceville

Public Comotony.
A week ago a reception was held the residence of Alex. D. McLeod to welcome the return of his son, Pte. Devid A. from France, An address. was read and a purse of money presented to the robust young soldier. He went last week to Toronto to get his discharge. After visiting relatives will go west to take his former position which awaits him in Calgary Fire Department.

The Managers of St. Columba Presbyterian church are advised to hold an entertainment on the evening of March 28th. Supper will be served in the basement and some excellent, talent from outside have promised to be present and we anticipate a very satisfactory program. A debt still remains on the large sheds recently built at the rear but we hope to see a full house having a social time around the loaded tea tables and then enjoying a fine programme, seeing the treasury plates piled high with coin, then go home rejoicing that the debt is all wiped away.

Pte. Willie Alcorn, after getting his discharge in Toronto, has gone out West where other members of the family reside.

Angus McLean, formerly of the R.A.F.: has again enlisted in the Army.

10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Billousness, Sour Stomach, Bad Broath-Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry of the constipated waste matter and poleon from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep. WALTERS FALLS

This is the red-flag of danger better, be wise and check the further inroads of kidney disease by obtaining that wonderful new discovery of Dr. Pierce's known as "Anuric" (anti-uric), because "Anuris" expels the uric acid poison from the body and cures those pains, such as backacle, rheumatism in miscles and joints.

Naturally when the kidneys are de-ranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in pag-like formations.
Dr. Pierce's Anuric is many times more
