THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful - Get a small bottle of Danderine. If you care for heavy hair that glazes with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life. And if not overcome it produces a feverishness and itching of the scalp; the hair roots furnish, loosen and die; then the hair falls out fast. Surely get a small bottle of Knowlton's Danderine from any drug store and just try it.

Hard Stuff Cannot Be Aroused.

The distillers of the Dominion are making a colossal error if they imagine that the open bar has been abolished to be replaced with the open home for the whiskey interests. The plain fact is that even the anti-prohibitionists make no plea for the return of whiskey, whatever amendment is being put up for the amendment of beer and certain grades of light wines - a vicious snare intended to create and maintain a desire for alcohol. Whiskey as a beverage, has no friends, and no class has the hardihood to put up a plea for alcohol as a necessary or useful beverage. The future holds no promise for the whiskey interests in Canada. With the pulse of beer and light wine so feeble as to be almost impossible of detection, even a pulmotor cannot evoke a favorable sign in the rigid form of the Hard Stuff. - Ottawa Citizen.

Ringworm on Child's Head. Caused Great Distress and Spread to Neck and Ears - Cure was Speedily Effected When Right Treatment was Recommended. There is no disease of the skin more obnoxious than ringworm, and the mother who writes this letter does so fully realizing what it will mean to other anxious mothers to know about Dr. Chase's Ointment. This remarkable cure was brought about two years ago, and as there has been no return of the distressing disease, there can be no doubt that the cure is permanent. Mrs. D. Stebbins, Grand Bend, Ont., writes: "I am going to tell you of my experience with Dr. Chase's Ointment. My little girl had sores come out on her head which looked like ringworms. They were spreading fast, and I tried home treatment, but nothing helped her. I took her to the doctor, and he opened some of the sores, which were as big as the yoke of an ox. The salve he gave me to put on was very severe, and the poor child would cry for an hour or more after an application. For six weeks it continued to spread all over her head, and came down to her neck and ears. She suffered terribly. At last some kind ladies told me about Dr. Chase's Ointment, so I got a box, and the first time I put it on she was relieved of pain, and the second time the swelling was all gone. Before we had finished the first box the sores were nearly all gone. I have told all the people around here about your Ointment, and I cannot praise it too much. It is now two years since my little girl was troubled in this way, and she never came back, so you can see she is completely cured. You are at liberty to use this statement for the benefit of others who may be suffering in a similar manner." Dr. Joseph Brenner, J.P., endorses this statement as follows: "This is to certify that I am personally acquainted with Mrs. D. Stebbins of Grand Bend, Ont., and believe her statement with reference to Dr. Chase's Ointment to be true and correct." Dr. Chase's Ointment, 50 cents a box, all dealers or Edmondson, Bates & Co.
