GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.
Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

A little capital

"IF ONLY I had a little capital, look where I might have been to-day!"

Are you going to be one of the men who say that after you have passed middle age, or are you going to be one of those who "got there" because you had that "little capital" when your chance came?

Most big business concerns and large fortunes had small beginnings.

The men who accomplish things are not the idle rich but the ambitious, industrious men, rich or poor.

A little money saved each week and deposited in the Bank of Toronto can be the beginning of your life venture. With the interest it earns it does not take long to accumulate capital sufficient for a start. The more you have for your beginning, the surer is your success.

We invite your banking account.
