Restrictions on Paradise.

The river flows into the great city of Babylon which is now called Mesopotamia. It is the modern name of the Phoenician town of Nineveh.

Starting from the spot where Jewish people placed the gates of Paradise the word "Paradise" meaning "garden" is still in the traces of the word "Garden" in Genesis.

The garden was situated in the land of Canaan and the

city of Nineveh known by that name.

It is the most beautiful city in the world.

The garden is the model of all gardens.

When the garden platted a garden in the land of Eden. And a river went to water the garden; went to water the garden; and it was split into four heads."

Sir William Brooks, who in behalf of the British Government, had charge of the wonderful irrigation works in Egypt, was assigned not long ago to the duty of planning a similar apparatus for the restoration of ancient Babylonia to its former high productivity.

The plan he had, that he located, to the eastward of the site of archæologists, the probable site of the Garden of Eden. For reasons wholly practical he thought that the best way to go.

When a girl—a woman—finds her color fading, when her cheeks and lips grow pale, and she gets short of breath easily and her heart palpitates after the slightest exertion, or under the least excitement, it means that she is suffering from anaemia—thin, watery blood. Headache and backache frequently accompany this condition, and nervousness is often present.

The remedy for this condition is to build up the blood, and for this purpose there is no medicine that can equal Dr. Williams' Pink Pills. They build up and renew the blood, bring brightness to the eyes, color to the cheeks, and a general feeling of renewed health and energy. The only other treatment needed is plenty of sunlight, moderate exercise and good plain food. The girl or woman who gives this treatment a fair trial will soon find herself enjoying perfect health. Mrs. Hiram Shook, R.R. No. 1, Lyndhurst, says:—"I cannot speak too highly of Dr. Williams' Pink Pills, for I believe they saved my daughter's life. She was in a terribly run down condition pale, wan, and despondent, and people who saw her considered her in a decline. The doctor who treated her did not help her any, and then I decided to give her Dr. Williams' Pink Pills. This decision proved a wise one, for before six boxes were used she was much better. I got six more boxes, and before they were gone she was in the best of health. When she began the use of the pills she weighed only 90 pounds, and under their use her weight increased to 127 pounds. I strongly urge all mothers of weak girls to give them Dr. Williams' Pink Pills.

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail post paid at 50c. a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

FINE OLD PLATE IN BRITAIN.

Antiquaries Dig Up Fourth Century Collection at Whittingham.

A search which Society of Antiquaries of Scotland have been conducting for some time on Traprain Ale, an isolated hill, which forms a part of Arthur J. Balfour's Whittingham estate, resulted in one of the most remarkable archaeological discoveries ever made in Britain.

The excavators came upon a pit two feet deep and two feet wide filled to the brim with fragments of metal vessels. An examination has shown that these relics, although in a broken condition, form a rich collection of fourth century silverware. Two tiny coins give the date. One was struck by Valens, who was Emperor of the East from 364 to 378, and the other by one of his successors, probably Gratian or Theodosius.

The vessels found have decorations of striking beauty. On the surface of one embossed cup is a representation of the Fall of Man, and figures of Adam and Eve being shown being led by a fruit-laden tree with a huge serpent twined around the trunk. The same cup bears a representation of the Magi, and on another is depicted the miraculous draught of fishes.

More than one example of the Chi-Rho monogram are among the inscriptions.

KEEP CHILDREN HEALTHY

To keep children healthy the bowels must be kept regular and the stomach sweet.

Nine-tenths of the ailments which afflict little ones are caused by derangements of the bowels and stomach. No other medicine can equal Baby's Own Tablets in guarding either the baby or growing child from the ill that follow a disordered condition of the bowels or stomach. They are a mild but thorough laxative and never fail to give results. Concerning them Mrs. W. B. Coolidge, Sarnia, Ont., says: "I have used Baby's Own Tablets for over three years and have found them the best medicine I have ever used for my children. I never have any trouble giving them to my little ones and they have saved me many a doctor's bill. My advice to all mothers of little ones is to keep a box of the Tablets in the house." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

JOY IN THE MORNING.

Over the choir loft of an old church in Nova Scotia hangs a yellow motto which reads:

"See that what thou singest in thy lips thou dost believe in thine heart, and that what thou believest in thine heart thou dost show forth in thy works"—Tenth Decree of the Fourth Council of Carthage, A.D. 398.

THE HIGHER LEARNING.

The schoolmaster was calling on an indignant mother.

"For my part," babbled the good woman, "I can't decide what on earth edification is comin' to!" When I was young, if a gal only understood the elements of distraction, provision, replenishing, an' the common dominator, an' knew all about the rivers an' their obituaries, the currents, an' the dormitories, the provinces an' umpires, they had education enough!"
