FATEFUL YEARS FOR ALL WOMEN

How Best to Overcome the Troubles That Afflict Women Only.

The most fateful years in a woman's life are those between forty-five and fifty. . Many women enter this term under depressing conditions through overwork, worry or a neglected condition of the blood, and so they suffer heavily. Still, variations of health-at this time can be relieved by home treatment. Among the commonest symptoms

are headaches and pains in the back and sides, fever-flushes, palpitation, dizziness and depression. Women stand in need of rich, red blood all their life, but never more so than in middle age, when the nerves are also weak and over-wrought. Now every woman can prove the prompt help afforded to her health by renewing her blood supply. It is a test that any ailings.
