world's goods is frequently attended maintained on his premises for this by the manifestation of the weighest purpose. Should he desire to call on eccentricities on the part of the own-his friends near by he would do so by

following curious instances:-when he wished to summon his servants, did so by means of bugle calls. A favorite pastime of this eccentric was to drive a stage, attired like any ordinary driver of such a vehicle, wherever he mght find aristocratic tares to be most numerous.

The Viennese asserted that while he spent a fortune each year upon his raiment yet he was never clad in any save the discarded garments of his valet. On one occasion the Pole as-tounded the guests at a ball by appearing in a costume of pure white. with the notable exceptions of shirt and tie, which were entirely black. To complete the oddities, it may be added that when dining, which he invariably did alone at a table d'hote,

to the soup. . It was not long ago that there died in an Eastern town a wealthy eccenrounding his residence, was accustomed to boast each day that he had walked to certain towns, generally at a great distance from his house. What he actually did was this:-Whenever he decided that it would be an excellent idea to visit a distant tom his home and covered it on foot faith or cult of the East.

That possession of much of the on a carefully measured walking track

spending your income wisely?

A well known Parisian, according to his own statement, for many years defled the weather by drinking a solution of camphor, which, in his opinion, was an excellent substitute for clothing. It was said that winter and sumdows of his apartment thrown wide open. It was his custom also to stroll in the garden, even on bitterly cold nights, in a garment much resembling that ordinarily worn by normal people at once.

only at night, Among the wealthy eccentrics of England was a man who lived near Hastings. His fad excited much attention and amusement among his he maintained his reputation for neighbors. Punctually at noon each grankiness by reversing the usual or. day he would appear in his front yard der of things and beginning his meal with a crimson turban on his head, with a lemitasse, working backward his leet covered with richly embroidered and jeweled sandals, and with a coolie cloth round his waist. Then, absolutely indifferent to the hoots of tric who, though he had never for the people in the street, he would first years been outside the grounds sur- pray aloud to the sun, "the father of light and good," and immediately afterward prostrate himself before a quaint miniature temple wherein was enshrined a grotesque idol with diamond eyes. What made his eccentricity remarkable was the fact that he was not of Eastern origin, nor had be
