It Took Years To Learn

That in Dr. Chase's Ointment There is Positive Cure for Piles or Hemorrhoids.

Reports come to us almost daily from persons who have suffered 10, 20, 30 years or more from piles or hemorrhoids, and who find that Dr. Chase's Ointment affords immediate relief and a permanent cure for this annoying and distressing ailment.

This is not a reliable ointment which people care to speak of, but if you ask your friends about it, you will be surprised to hear how many have been cured by its use. It is the one treatment for piles on which you can depend.

Mr. B. F. Truitt writes: "For about thirty-five years I was troubled with itching piles, which kept me from sleeping until I was completely worn out. Then at length I would drop off to sleep and rub myself raw. I tried every kind of ointment, but without any permanent good. I only had momentary relief from Dr. Chase's Ointment, and have been completely cured since."

Mr. H. B. McDonald, Walkerton, Ont., writes: "I was suffering from piles for some time. I finally tried Dr. Chase's Ointment, which effected a permanent cure. I have great faith in Dr. Chase's Ointment, and think it superior to any ointment on the market. I would advise anyone suffering from piles to give it a trial."

Many continue to suffer from piles in the belief that a surgical operation is the only cure. Fortunately, Dr. Chase's Ointment is available, and has saved many thousands from the risk and expense of the doctor's knife. 50 cents a box, all dealers, or by mail postpaid from Edmanson, Bates & Co., Toronto.

The Why? of Another Victory Loan

WHEN, on the morning of November 11th, 1918, the glad tidings flashed across the world, there followed with the coming of Thanksgiving, one yearning query, which found an answering echo in the hearts of wives, mothers, fathers, brothers, sisters and uncles, "How soon will our boy be home?" And, from France and Flanders, from Italy and Egypt, from Palestine and from far-off Siberia, there came an answering echo, "How soon, how soon, may we go home?"

CANADA caught the spirit of these longings, and at once resolved to satisfy them. It was an appalling task. Shipping was tragically scarce. The position of the Army of Occupation had not then been settled. And other parts of the Empire as well as Canada were looking for the speedy return of their men.

THE problem was this. The half-million men that Canada had overseas had taken more than four years to transport to the front. To bring them home in a few months was a gigantic undertaking—one to tax all Canada's ingenuity and resources. Canada solved the problem, but it meant crowding into a few short months, an expense for demobilization which it was impossible to foresee.

THEN, too, besides the sentimental aspect of the necessity for bringing the men home quickly the economic side could not be overlooked. That was, to transform, efficiently and speedily the nation's army of fighters into national workers.

Need Divides Itself in Two Parts

(a) To finish paying the expenses of demobilization, and the obligations we still owe to our soldiers.

(b) To provide national working capital.

National Working Capital

These national expenditures are war expenses. They will be accepted readily by every citizen who gives thought to the task which Canada faced following the Armistice, and to the success with which she has met it.

Gratuities

The answer to the question "Why does Canada need another Victory Loan?" divides itself into two parts.

Land Settlement

Furthermore, soldiers who desire to become farmers may, under the Soldiers' Land Settlement Act, be loaned money by Canada with which to purchase land, stock and implements.

Vocational Training

For this purpose alone, \$61,000,000 must be provided out of the Victory Loan 1919, in addition to the \$59,000,000 already paid out of the proceeds of the Victory Loan 1918.

Those who give thought to our outstanding obligations to soldiers, and to our need for national working capital, cannot fail to be impressed with the absolute necessity for the
