THANKSGIVING 1919

This is the day to let the oil of joy rub off the rust of selfishness. There is no room in our hearts for peevishness, vengeance or unavailing regrets.

The material world gives countenance to the spirit of joy and thanksgiving. Besides our good crops, our well-filled granaries and stables...

Among the Finns and Norwegians there are many women saliers. The Smart Butcher here has three fish...

kindness and unselfishness, will no doubt become exalted in the world of nations to come. We also see ahead the opportunity for a league of the peoples of the earth...

ed for the good mother and wives of these boys, and for those splendid men and women who went out on the fields of battle, to hospitals and elsewhere to give succor to the hungry, the wounded, the sick and the lonely.

Thanksgiving. "It is a good thing to give thanks unto the Lord." Then why do we not do more of it? Probably we do not have to think awhile before we can answer that question.

The Expenditure of \$610,000,000

How the last Victory Loan was spent

For Demobilization

For Trade Extension

BEFORE buying Victory Bonds you may want to know how Canada used the money loaned her last year.

Canada borrowed the money to carry on the war and to provide credits for Great Britain and our Allies.

CONSIDERABLY more than one-half of the Victory Loan 1918 was spent on our soldiers. This included bringing them home, separation allowances to their dependents, maintenance of medical services and vocational training schools.

\$59,000,000 of the Victory Loan 1918 was paid on account of authorized Soldiers' gratuities.

\$9,000,000 was spent at Halifax for reconstruction after the disaster.

Other disbursements were not strictly making expenditures, but National Re-investments.

To Great Britain for example:

\$173,500,000 was loaned for the purchase of our wheat and cereals.

\$9,000,000 for our fish.

\$30,000,000 for other Foodstuffs.

\$2,900,000 for Canadian built ships.

\$5,500,000 to pay other British obligations in Canada.

Making in all \$220,900,000 advanced to Great Britain.

To our Allies, we loaned \$8,200,000 for the purchase of Canadian foodstuffs, raw material and manufactured products.

The Re-investments will be paid back to Canada in due time, with interest.

These credits were absolutely necessary to secure the orders for Canada because cash purchases were not possible.

They have had the effect of tremendously helping agricultural and industrial workers to tide over the depression that would have followed the Armistice, had we not made these credit loans.

As far as money is concerned, 1919 has been just as much a war year as 1918. Our war cannot be completed until well on into 1920. Thus another Victory Loan is necessary—Get it to buy.

"Here's my idea of a razor— one that sharpens its own blades"

"Why, I remember when I used to have to throw away a blade after a couple of shaves. Now, I simply take it and give a few turns on the strop and it's as good as ever."

"I can shave in three minutes, and my face is as smooth and slick and comfortable as when the head barber used to go over it. No clean, I simply put the blade under the tap, and wipe it off. There's no talking the razor to pieces and messing around with parts. In fact, the whole thing is so simple and easy, I wish I had had one long ago."
