the importance of asking for sugar by brand name? Do you realize that to have a sugar which will give unfailing satisfaction in preserving, in baking, and for all sweetening purposes, you should ask for—and insist on getting 'Dominion' Crystal Sugar.

Women who use this brand have found it to be all that a sugar should be—pure, sparkling, finely granulated.

And it is with satisfaction they realize that this finest of sugar is "Canadian from the ground up." A large part of the output of our three modern refineries, is obtained from raw cane sugar—but our pride is in that increasing proportion of our output which is made from Canadian sugar beets.

## TRY A 20-POUND BAG

Most grocers have Dominion Crystal Sugar in 20-pound bags as well as barrels. They take pride in selling this superior Canadian product. Ask your grocer for it.

When the head feels thick or aches, when one feels all out-of-sorts—perhaps a coated tongue—it is the signal that poisons are accumulating in the system, and should be cleaned out at once.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face; extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach; heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap.
