FEVERISH, CONSTIPATED.

Look Mother! If tongue is coated, cleanse little bowls with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative."

Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

## A little capital

IF ONLY I had a little capital, look where I might have been to-day!

Are you going to be one of the men who say that after you have passed middle age, or are you going to be one of those who "got there" because you had that "little capital" when your chance came?

Most big business concerns and large fortunes had small beginnings.

The men who accomplish things are not the idle rich but the ambitious, industrious men, rich or poor.

A little money saved each week and deposited in the Bank of Toronto can be the beginning of your life venture. With the interest it earns it does not take long to accumulate capital sufficient for a start. The more you have for your beginning, the surer is your success.

We invite your banking account.
