**SPRING FEVER**

Following Colds, Grip or Flu, Thin, Watery or Poisoned Blood.  
 (By Dr. Valentine Mott.)  
 At this time of year most people suffer from what we term "spring fever" because of a stagnant condition of the blood, because of the toxins (poisons) stored up within the body during the long winter. We eat too much meat, with little or no green vegetables.  
 Bloodless people, thin, anemic people, those with pale cheeks and lips, who have a poor appetite and feel that tired, worn or feverish condition in the spring-time of the year, should try the refreshing tonic power of a good alternative and blood purifier. Such a tonic as druggists have sold for fifty years, is Dr. Pierce's Golden Medical Discovery. It is a standard remedy that can be obtained in tablet or liquid form. Made without alcohol from wild roots and barks.

**TILLSONBURG, ONT.**—Ever since I can remember Dr. Pierce's medicines were used in our family at home and they never failed to give good results. The "Golden Medical Discovery" was used as a tonic and blood purifier and for bronchial trouble and it proved excellent. I have personally taken it for bronchial trouble and the "Favorite Prescription" to build me up when I was run-down and they were both very beneficial.—Mrs. GLETFORD MITCHELL.

For fifty cents you can tell at least four thousand persons you have something to sell; want to buy; have lost or found an article, etc., etc. Advertise in The Standard.

**PRESENTATION**

On Monday evening, April 12th, a number of neighbors and friends gathered at the home of Mrs. H. Freeman to bid farewell to them before their departure from this community. During the evening Mr. and Mrs. Freeman and were presented with a parlor and a purse of money.  
 The following is the address: To Mr. and Mrs. H. Freeman and family:  
 Dear friends.—Before allowing you to depart from this community, your friends and neighbors assembled here to-night to show you in some manner the esteem in which you are held.  
 While we regret your departure we hope you will not settle very far away. We hope to see you again, both in your new home and at some of your old friends again.  
 We assure you that our best wishes go with you and as a slight token of our esteem we ask you to accept of this small remembrance and that you will ever bring to our minds memories of the year spent in this vicinity.  
 Signed by friends and neighbors.

Markdale will celebrate May 1st.

We must have all display advertising in not later than 3 p.m. Monday.

**IMPROVEMENTS**

There has been a commendable improvement in horses late years. The country is generously supplied with plump, well-groomed horses. In fact, to plump that it is with difficulty they travel in pairs on our winter roads. The farmers are to be complimented for the above universal improvement of the noble animal. Now that the J. O. control provincial affairs would it not be an opportune time to have a statutory measure passed to give all sleighs made same with as selected vehicles. Would it not bring about a decided improvement.

**IN MEMORIAM**

# GRAY-DORT Dealers Lead

Most good automobile dealers know motor cars inside and out. They've watched the business from its infancy. They've seen cars come and go. Above all they know motor car values. They have to. You will find in practically every city and town in Canada, that the leading motor car dealer is a Gray-Dort dealer.

Every motor car dealer knows the reason for this. Every Gray-Dort owner knows the reason. *The Gray-Dort offers unequalled value to motor car purchasers.*

## The \$1365 GRAY-DORT is Dominant Value

What other car at anywhere near \$1365 offers you these Gray-Dort qualities?

A motor larger and finer than usual for light cars—3 1/2" bore and 3" stroke—built from flawless castings and tough, high-carbon steel—and finely finished. The crankshaft weighs 40 pounds. The radiator is cellular type and the water jackets are extra large. An improved carburetor marks this car, and a better electrical system. Starting and lighting are Westinghouse, as in the most expensive cars.

There's over-strength in the Gray-Dort frame of heavy channel steel; in the husky, Chatham-built rear axle; in the long, cantilever rear springs; in the specially designed, new steering gear; in the big brakes, now lined with Thermoid. The front wheels now have roller bearings. There is a new gas tank—larger, and in the rear.

Convenience of riding and driving is in the Gray-Dort. The steering wheel is of the height and size for tireless driving. The gears can be shifted with two fingers' pressure. The horn, the ignition and light switches, the clutch and brakes, all are placed for greatest ease in driving.

A shorter and smarter cowl now gives more room in the driving compartment. A new Gray-Dort feature has greatly increased the leg-room in the tonneau. Seats are tilted at just the proper angle for comfort. As in cars costing \$2000 and upwards, the Gray-Dort now has side-curtains opening with the doors.

**CLEAN-CUT GOOD-LOOKS**

The Gray-Dort is not startlingly extreme, the Gray-Dort is a car of quiet beauty—smooth lines and perfect proportions. The smart, new top is hand-tailored in our own shops. The new hood, with its many long, narrow louvres lends just a touch of European style. French-pleated upholstery, too.

And completing the picture—the wonderful Gray-Dort finish—development of 60 years' coach-building—applied by master craftsmen, Gray-Dort trained.

Unquestionably there will be a shortage of these cars at \$1365. You had better see the Gray-Dort dealer now.
