MR. H. C. DUFF GOING TO DOBBINTON

Mr. H. C. Duff, who for nine years

has been Grey County's Agricultural

Representative is leaving this week

for Dobbinton where he will conduct

his own farm.

Since coming to Markdale in June

1911 Mr. Duff has rendered a remark-

ably valuable service to the county.

In agricultural lines he is very

efficient, he is a very public spirited

man and has been very popular in

county and particularly in Markdale,

where the County's Office is situated.

His departure is very much regretted.

We understand he will join his wife

and family at their farm home, May

1st.

BUY AT HOME.

We have no hesitation in saying to

the people of this district "Buy at

Home." We feel sure if the purchas-

ing public would consult our local

merchants before buying from cat-

alogue houses that it would invariably

result in a purchase being made at

home and thus assist materially in

keeping the wheels of our own town

on the turn. In any any event, we

cite one instance. Recently, The

Standard got a small order for Job

printing, \$5.75 was our price. The

customers objected. A large city

printing house was consulted with

the result that \$12.25 was the correct

price. Consequently, the young fel-

lows preferred to pay the \$5.75 in-

stead, and save \$6.50 on the job.

Think of it! The "buy at home"

slogan certainly applies to printing

as well as clothing and groceries. Try

the Standard.

IRELAND WINS.

"Talking of hens," remarked the

American visitor, "reminds me of an

old hen my dad once had. She would

hatch out anything from a tennis ball

to a lemon. Why, one day she sat on

a piece of ice and hatched out two

quarts of hot water."
