Church services at New England will be held at 2:30 p.m. May 16.

## PRICEVILLE

(Special to The Standard.)  
A number of persons planted some potatoes last week.

We notice several black lambs on

the grassy hills lately, which causes us to remember our early school days. One day after 4 o'clock we must go "up the creek" to school, (colored), with a message to the cabin with a dutchman, (colored), of the lots now in Williamson farm, beside our general store, and who is "Fair View Farm" and his little going toward the hillside. While we were giving our message and receiving answers, the stumps among the stumps of the old log yard at the corner called out, "Hello, whose youngster is this?" And looking in the direction of the face of a jet black man, we saw the end of a brown spread over a long and narrow cabin home, young man, you know, "go back to school, you little dar, and quit askin' such foolish questions."

The school children had a merry time on Friday afternoon in their grounds in their half-holiday in the home from which Elmer Watson is now with two which he has sold to George Ostrander who is purchasing a new house in FRESHTON.

On Friday, Mrs. Sarah Melville, of Douglas, passed away at her 65th birthday. She was a member of the Presbyterian church until four years ago, when her husband, John, died. She was the mother of one daughter, Mrs. J. Webster, and one son, John, who lives at the residence of the new Priceville country on Tuesday.

(Special to The Standard.)

We must have display advertising in not later than 3 p.m. Monday.

## Jumpy Nerves!

If you get startled easily or "jumpy" "scared" of the least little thing, it means that your Nerve Force is weakened and spent.

Your Nerves control every Mental and Physical process that takes place within you—if the Nerves were cut leading to the Heart that organ would never beat again. Without the Nerves you could never See, Taste, Smell or Hear again for it is upon the Nerves that every sense depends.

If you wish to build up and strengthen the body you must put new life into the millions of nerve fibres that lead to the Heart, the Stomach, the Kidneys, the Liver and the other organs. This you can quite easily do by taking a six box treatment of Hackings Heart and Nerve Remedy. It will "take away" that "faint feeling," banish those pains in the head, increase your appetite, help you to sleep better, eat better and live longer.

What is a few dollars in comparison to your health, we offer you a sovereign remedy for your illness in Hackings Heart and Nerve Remedy. The Road to Health and Happiness is yours if you will but believe it. This wonderful preparation will change you from a Weak, Nervous or Anemic person to one full of Life, Vigor and Animation. It will bring back the Roses to your Cheeks by increasing circulation and purifying the blood. Better get a few boxes, now, when you think of it, but be sure to get Hackings. Price 50c a box, 5 for \$2.50. Sold by all dealers or by mail, postpaid. Hackings Limited, Listowel, Ont.

## Why it Pays to Buy Advertised Goods.

(By Seth Brown)  
Because the advertiser has done something to inspire confidence. He has not only explained the value and usefulness of his product, but has put his personality and reputation behind his statements.

He can be trusted because his very business is at stake. He believes in his goods to the extent of investing his capital, not only in making the goods right, but in advertising, which will not prove permanently profitable if he fails to make good—secure repeat orders.

The advertiser is not only a protection to the trade name, but it is the advertiser's guarantee of quality.

You are justified in being suspicious of unadvertised goods, because, however much confidence the dealer and manufacturer may have in them, he has not enough faith in them to spend money in telling others of their goodness.

It always pays to buy advertised goods.

## SAVE YOUR SIGHT

THE most valuable of all senses is the most neglected and the least understood. Many suffer from ill-effects upon examination can be traced directly to defective sight.

The removal of the cause will often restore the delicate and rundown sufferer to robust health. When glasses are properly prescribed they restore the vision to normal and eliminate all eyestrain.

We have the best and most approved instruments for accurate eye testing. Also the proper knowledge, which never fails, that acquired by long experience—over twenty years of fitting glasses. Examination free.

## EYESIGHT

BE THE BEST OF WHATEVER YOU ARE.

If you can't be a pine on top of the hill—  
Be a scrub in the valley—but be the best scrub by the side of the hill.  
Be a bush if you can't be a tree.  
If you can't be a bush be a bit of grass.  
Some highway some happier make.  
If you can't be a muskie then just be a bass—  
But the liveliest bass in the lake.  
We can't all be captains, we've got to
