vork;" Dr. Forder remarked.

ALL safety razors seem alike because of the similarity in size and appearance. As regards the AutoStrop Razor, however, the resemblance ends there. Its peculiar and additional advantage is that, without being larger than any other safety razor, it combines within itself a self-strop ping feature that enables the user to keep the blade sharp without taking anything apart. It thus prevents dull blades and the expense of buying new

You may not be interested in economy of blades, but surely you want a good shave and that is only possible with stropped blade

You see, there are many ways of vashing your face, and if you wash it ight it can't look wrong.

How I Get Rid of Flies. Whenever I drive a fly from the touse it perches itself on the screen vaiting for the first chance to come again; or, worse, it hunts some reeding place, and as a result, a housand flies are soon swarming bout my or someone else's door.

To prevent this, I pronounce a senence of death on every fly that enters my house. I use all the methods I now of in executing the sentence. I nd the swatter most effective for etting rid of the occasional fly. When ies come in in large numbers, as in amp weather or when there are a umber of persons opening the dooms, have a method that is effective. .

First, I darken all of the house but e kitchen, and soon most of the flies re in the kitchen. Then I close the tchen doors and windows and pull own the blinds, and sprinkle a genrous amount of pyrethrum powder herever the flies are likely to light mostly in the windows and on any hite objects in the room. I leave the room eleaed tight for an hour or vo. Then I open it, and sweep up
