Worn-Out, Weak Men and Women Testify

Chatham, Ont.:—"For many years I suffered with stomach trouble and I tried many remedies but they seemed to be a failure—my stomach seemed to be getting worse instead of better. One day I came in possession of a bottle of Dr. Pierce's Golden Medical Discovery and took it. My stomach seemed completely cured. I have great faith in this medicine and hope any sufferer that reads this will give the 'Discovery' a trial. Once tried, you will never be without it."—C. TITUS, Jr., 28 Duke St.

New Wiltshire, P. E. I.:—"I suffered three years with bronchial asthma. I was so weak I could hardly walk three steps at a time. I could not sleep so would get up and stay up the rest of the night. One day a friend advised me to use Dr. Pierce's Golden Medical Discovery so I sent to my druggist for a bottle and when I had taken half of it I felt a great deal better. When I used that bottle I sent for two more, and when I finished the third bottle I was completely cured. "It is over two years since I first took Dr. Pierce's Golden Medical Discovery and I have not been troubled a day with asthma since."—ALEX McLEOD.

Hamilton, Ont.:—"I have suffered with rheumatism for the last five years and I have only taken three bottles of Dr. Pierce's Anuric (anti-uric-acid) Tablets and three bottles of 'Golden Medical Discovery' and am nearly cured. I also had that dread disease, Spanish Influenza, leaving me in a terrible condition. Only those who have had it know what an awful condition it leaves one in. I am sure if it had not been for Dr. Pierce's medicines and advice I certainly would have died.

"I want to recommend Dr. Pierce's medicines to any sufferer with kidney trouble or to anyone rundown after having the 'Flu'. Also try Dr. Pierce's Pleasant Pellets for constipation."—MRS. ESTELLA GRANBY, 54½ James St. North.

SEVENTY YEARS AGO

Extracts from the issue of the Standard of this week, 70 years ago.

In my boyhood, he says, there were no laws for the protection of Labor. Hours of labor were generally from twelve, fourteen, or sixteen. Protests to interfere with were bitterly opposed as a violation of the right of contract. Child labor was almost universal." In addition that strikes, Labor Unions, and doing, been a marked advance in the last half century.

Educational facilities of today are immeasurably better than those of seventy years ago. The material comforts of life for the people at large are very much greater. The general moral tone of politics of business and society is immeasurably better. Medical science and practice have made enormous advances.

There is, too, an advance in spirituality, according to this eminent authority. Those who describe the present age as materialistic to the last degree may be surprised at this. Sir Lyman Abbott says:

The somewhat widespread opinion that the Church in America was a great power in the days of our fathers and has lost its power in these degenerate days puzzles me. In the beginning of the twentieth century there was not a missionary society of any kind—home or foreign—in the United States. Religion consisted in going to church twice on Sunday.

There was no Y.M.C.A. or Y.W.C.A., no King's Daughters, no Salvation Army, no Red Cross."

It is interesting to hear such testimony from so capable a witness. He gives the sound view that nothing is to be gained by deploring the degeneracy of the age and seeking to restore conditions which have passed away. There is progress on all sides, but along with the progress there is need for the service of earnest men—as there has always been such need—to preserve the true balance of life.

Mr. Woods, of Corbetton, occupied the pulpit in the church here on Sunday afternoon and delivered an able discourse. He will preach here again next Sunday.

Mr. Will Buchanan has opened the shop in the Ebenezer church basement for the season.

The W. I. will meet at the home of R. Boland on Thursday afternoon of this week. Flesherton branch are expected to attend.

Mr. and Mrs. J. L. Graham and son, Cassell, accompanied by Mrs. and Miss Walker, of Riverdale, motored to Bluevale recently and visited Mr. and Mrs. W. S. Walker.

Mr. Lou Foster is building a new house.

Miss L. Shannon is visiting friends in Corbetton.

Mr. Warren, of Gananoque, spent a few days with his friend, Mr. Wm. Summers, who passed away Tuesday morning.

Miss Annie Porter, who has been in failing health for some time, passed peacefully away on Wednesday morning, August 11th, at the home of her nephew, Mr. George Shannon, at the ripe old age of 86 years. Deceased was born at Ballymore, Sligo, Ireland, on March 17th, 1834, and came to this country with her parents at the age of thirteen. After landing at St. Johns both parents died of fever, leaving three children, a boy and two girls all in their teens, of whom deceased was the youngest. The children made their way to Toronto Gore, where the subject of this sketch made her home until 1889, when upon the death of her sisters the late Mrs. Robt. Shannon, she came to this community, and as long as health permitted, ably and well fulfilled the trust which her sister placed upon her, of filling the place of mother in that home. She was of a devout Christian character, and was a life-long member of the Methodist church, and beloved by all who knew her. The funeral took place on Friday afternoon to the Irwin cemetery. Rev. James Dudgeon of Tottenham, officiated at the house and grave. Friends from a distance who attended the funeral were Mr. and Mrs. Broughton and family of Corbetton, Messrs. Porter and sisters of Banda.

PRICEVILLE

(Special to The Standard)

During the thunderstorm on Friday night of last week the lightning did considerable damage to the Presbyterian church, tearing a large portion of the slate roof off the spire, also some damage inside the building. This is the second time that the spire has been damaged by lightning.

COLLECTION OF ANNUAL AGRICULTURAL STATISTICS, 1920.

Among the statistical reforms accomplished or inaugurated by the Dominion Bureau of Statistics, established in 1918, none is of more importance than that which is concerned with agriculture, the leading industry of Canada. To farmers it is of supreme importance to know what areas are being devoted to particular crops in their own and other communities, how such crops are being extended or withdrawn from cultivation and what is the volume of production in one season as compared with another. They should be in receipt of accurate information on these points, be able to form their own judgment of the local crops likely to prove most remunerative. Similarly, a knowledge of the numbers of farm live stock and whether these are increasing or decreasing from year to year is important to all producers and is of equal importance to breeders and producers.

During the past three years the annual agricultural statistics of the Dominion have been based upon returns of areas sown and number of live stock on the farm, collected from individual farmers in the month of June. This information is obtained by means of a simple questionnaire schedule, which is distributed to farmers through the agency of the rural school teachers and children. The cards, when completed, are sent to the Provincial Government, which, after have them sorted into counties or districts, transmits them to the Dominion Bureau of Statistics at Ottawa for final compilation into totals by tabulating machinery.

It is the aim of the Dominion and provincial statistical authorities to secure the annual return from every individual farmer in the Dominion. The issue of trustworthy annual agricultural statistics is important for all classes of interests in Canada, but to none is it of greater importance than to farmers themselves, who otherwise carry on their industry in the dark and are liable to be victimized by unscrupulous traders. No individual returns are published, and the information collected is not used in any way for taxation purposes. It is confidently expected that as farmers become better acquainted with the system organized for their benefit and realize the practical value to themselves of accurate agricultural statistics there will be a continuous increase in the proportion of returns. Meanwhile it should be remembered that whatever degree or error may attach to the figures issued is attributable to the estimate that has to be made from the actual returns.

Pains About the Heart

ANY derangement of the heart's action is alarming. Frequently pains about the heart are caused by the formation of gas arising from indigestion.

Relief from this condition is obtained by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion results from sluggish liver action, constipation of the bowels and inactive kidneys.

Because Dr. Chase's Kidney-Liver Pills arouse these organs to activity they thoroughly cure indigestion and overcome the many annoying symptoms.

Dr. Chase's Kidney-Liver Pills

Dancing and Music

The emotional side of the majority of people cannot be satisfied by Free Libraries, Gymnasiums, Playgrounds, etc. The love of moving the healthy body to the rhythm of music in some form of dancing is an inborn peculiarity of the average man and woman; with liquor and indecent music however, dances may do more harm than bacteria. It is pathetic to see in our large towns and cities young men and women rush to some dance hall to satisfy a desire for amusement.

People who have used up their strength in Hacking, Late Hours, Rich Foods, Drive, perhaps looked too long upon the Wine when it was red and have let Old John Barleycorn sap their vitality will find a boon in the use of Hacking's Heart and Nerve Remedy. It will speak that tired feeling, take away that feeling of depression and nervousness that gives you a lowered vitality, and bring back the healthy glow to your cheeks. It will make your beauty sleep more restful so that you will look the picture of health and vigor, with the joy's work before you. Don't be discouraged that hers can't be brought back. It can be if you will use Hacking's Heart and Nerve Remedy to strengthen the Nerves, add power to the Heart and to revive and invigorate the circulation of the Blood. Buy them from your dealer. 50c a box, 6 for $2.50.

Sold, Stephen's Drug Store, Markdale

For fifty cents you can tell at least four thousand persons you have something to sell; want to buy; have lost or found an article, etc., etc.

"Just arrived in time. A minute's delay might have lost us our patient. No doctor can afford to take chances with his motor. Imperial Polarine and Imperial Premier Gasoline passes every motor run perfectly. We can always rely on Imperial products."

You Can Depend On It

EVERY drop of Imperial Polarine is 100% lubrication. It spreads a protecting cushion of oil between all wearing parts, making each part function smoothly and reducing wear to a minimum.

It has exactly the right body—forms a perfect piston-to-cylinder seal, maintains compression, conserves power and saves fuel. It does not break down or run thin under extreme heat.

Imperial Polarine burns clean, reduces carbon deposits to a minimum and assures long life, smooth running and reliability to your motor at all times, under all conditions.

There is an Imperial Polarine grade for every motor need, from crank shaft to differential. Consult the Imperial Polarine Chart of Recommendations for the correct grade to use in your car—it is on display wherever Imperial Polarine is sold.

Sold in one and four gallon sealed cans, steel kegs, half-barrels and barrels, by dealers everywhere in Canada. Buy in large containers and save money.
