Worn-Out, Weak Men and Women Testify

Chatham, Ont.—"For many years I suffered with stomach trouble and I tried many remedies but they seemed to be a failure—my stomach seemed to be getting worse instead of better. One day I came in possession of a bottle of Dr. Pierce's Golden Medical Discovery and took it. My stomach seemed completely cured. I have great faith in this medicine and hope any sufferer that reads this will give the Discovery a trial. Once tried, you will never be without it."—C. TITUS, Jr., 28 Duke St.

New Wiltshire, P. E. I.—"I suffered three years with bronchial asthma. I was so weak I could hardly walk three steps at a time. I could not sleep so would get up and stay up the rest of the night. One day a friend advised me to use Dr. Pierce's Golden Medical Discovery so I sent for a bottle and when I had taken half of it I felt a great deal better. When I used that bottle I sent for two more, and when I finished the third bottle I was completely cured. It is over two years since I first took Dr. Pierce's Golden Medical Discovery and I have not been troubled a day with asthma since."—ALEX. McLEOD.

Hamilton, Ont.—"I have suffered with rheumatism for the last five years and I have only taken three bottles of Dr. Pierce's Anurie (anti-uric-acid) Tablets and three bottles of 'Golden Medical Discovery' and am nearly cured. I also had that dread disease, Spanish Influenza, leaving me in a terrible condition. Only those who have had it know what an awful condition it leaves one in. I am sure if it had not been for Dr. Pierce's medicine and advice I certainly would have died. I want to recommend Dr. Pierce's medicines to any sufferer with kidney trouble or to anyone run down after having the 'Flu'. Also try Dr. Pierce's Pleasant Pellets for constipation."—MRS. ESTHER LA GRANBY, 64 1/2 James St. North.

George and John Warling, John Boland, Robt. McMullen, Thompson Allen and John Weber. "Friend after friend departs, Who hath not lost a friend? From Edison To YOU!

EDISON'S NEW DIAMOND AMBEROLA

The World's Greatest Phonograph Value

THINK of the vast difference between Edison's Amberola and ordinary phonographs or "talking machines". The Amberola is the product of matchless inventive genius—of inspiration. Other phonographs are plain, factory-made machines, devoid of inspiration. Thomas A. Edison's master mind conceived the Amberola to entertain mankind. Commercial phonographs are put together with just one object in view—to sell at so much profit. No wonder the Amberola has demonstrated its superiority time and again in public comparative tests with "talking machines" and commercial phonographs. The marvellous tone of the Amberola is permanent, genuine Diamond Point Records (no needles to change)—the practically indestructible, everlasting Amberol Records—all reveal the genius of Edison. And the surprising, low cost of the Amberola puts high-priced "talking machines" and commercial phonographs to shame. Let us show you how easy it is for anyone to own an Amberola. Call at our store or write to us in the next few days. Even if you are convinced you cannot afford an Amberola, put it up to us to make it possible. So remember—call or write—soon.
