What Prominent Ontario Women Say

Tillsonburg, Ont.—"I found Dr. Pierce's Favorite Prescription very beneficial during pregnancy. I felt quite poorly, was nauseated and sick. I could not eat anything and I was extremely nervous and weak. I took Favorite Prescription and it soon stopped the nausea, my appetite returned, and I felt my strength and I was soon feeling fine and strong. My baby was strong and healthy and has always been so. I consider 'Favorite Prescription' a great help to the expectant mother and an aid to her recovery." MRS. AMOS MILLS, Box 228.

A HAMILTON WITNESS

Hamilton, Ont.—"A few months ago I was picked down and was confined to bed almost ten days. My strength all left me. I lost five pounds and felt utterly weak afterward. I could hardly do my work. I was advised to try Dr. Pierce's Favorite Prescription in tablet form. I tried a couple of bottles and before I knew it, I was well and strong and had gained 9 1/2 pounds. I can recommend Dr. Pierce's Favorite Prescription to build one up." MRS. E. MARTIN, 307 Dundas St.

CANADIAN HORSE Some few years ago the pedigree records for the French Canadian Horse, maintained by the Quebec Government were transferred to the National Live Stock Records. Other steps have been taken to maintain the breed as pure as possible. One of the latest methods, as pointed out in the bulletin which can be obtained from the Publications Branch of the Department of Agriculture, Ottawa, is the establishment of a horse breeding farm at St. Joachim, situated some twenty-five miles east of Quebec City. This farm which is operated under the Experimental Farms system has some thirty well-selected broodmares. These, together with fifteen of similar quality, kept on the Experimental Station at Cap Rouge, Que., form a collection from which it is hoped to produce a superior new foundation stock for the breed.
