Easter dawns! And as I watch the glory of the heavens my soul is filled with joy and reverent wonder. The Master Artist is at work. Purple and silver mists veil the sky. These slowly disappear and dull blue and rose and palest gold transform the east. Rose-bosomed clouds hide the rising sun; but at length, through crimson vapors, the sun shines forth, casting a radiance over valley and hill and mountain, caressing every tree and shrub, gilding alike the gorgeous homes of the wealthy and the shabby homes of the poor.
