### Returned From the West.

Dr. Jamieson returned last week from a trip to Saskatchewan, where he owns considerable land in the neighborhood of Kerrobert. He expects to have a thousand acres of wheat this year, and if farming interests control the political life he'll soon be eligible to take a hand in the United Farmers movement. He reports very cold weather during part of his visit.—Markdale Chronicle.

### Paint Names on Boxes.

Owners of boxes on the rural routes are requested to repaint their names on the boxes at this season of the year. They have stenosis and the regulations require that the names should be kept legible for the convenience of the mail carriers. Especially is this necessary when there is a change as to the carrier, and some changes are taking place now.

### Can You Save Money?

There is the man best advised by the late J. J. Hill, the United States magistrate, for testing the probabilities of success or failure. He stated it as follows: "If you want to know whether you are destined to be a success or not you can easily find out. The test is simple and infallible. Are you able to save money?" If not, drop out. You will lose; you may think not, but you will lose as sure as fate, for the seed of success is not in you.

The man who laid down this direction was one of the outstanding successes of this generation. He amassed a fortune of millions of dollars.

The safest form of saving for the man of ordinary means is life insurance.—Toronto Saturday Night. (Consult R. V. Ricketts, Markdale, about the "Imperial" Savings Account.)

### IN MEMORIAM

HAWKINS—In sad, but loving memory of Josephine Heinbecker, wife of Joseph Hawkins, who departed this life on April 1st, 1920.

A day of remembrance most sad to recall.

But still in our hearts she is loved by us all.

So sad, yet so true, we cannot tell why.

The best are the first who are called on to die.

When alone in our sorrow, the bitter tears flow.

There stealth, a dream of the sweet long ago.

And unknown to the world, she stands by our side.

And whispers, "Loved ones, death cannot divide."

Husband and Child.

### An Advertisement to Wives

Perhaps you don't want your husband to insure his life. The possibility of his dying suddenly seems too awful to think about. And getting money as a result of such a tragedy offends your conscience.

Well now, do you know two widows, one left comfortably provided for by life insurance; money and another left destitute? Ask them what they think of life insurance. Then draw your own conclusions.

If what they say leads you to believe in life insurance—as we believe it will—ask for our free booklet, "Safeguard Your Agency." It will tell you about the Imperial Life Policy in which your husband's interest is ten dollars each year. He pays nothing. We will pay to you as long as he lives—each month a certain amount of money. You and the little ones live on it.
