## "Here Comes The Bride!"

Everybody wishes her well! Happy and radiant she starts out on life's adventure. She should have health to begin with. Good looks in woman do not depend upon age, but upon health. You never see a good-looking woman who is weak, run-down, irritable, out of sorts, fidgety and nervous. Headaches, backaches, and troubles of that sort are all destroyers of beauty. Men do not admire sickness. It is within the reach of every woman to be well, healthy and strong if she will take Dr. Pierce's Favorite Prescription.

Toronto, Ont.—"Less than a year ago I was in a very poor state of health, my back ached dreadfully and I could scarcely drag myself around to do my housework. I started to take Dr. Pierce's Favorite Prescription and I cannot praise it too highly for the great benefit I received. My back aches and pains disappeared entirely and I soon was restored to perfect health. I know that Doctor Pierce's Favorite Prescription is the best woman's medicine, for I have tried others that were recommended, and nothing has ever helped me so much as the Favorite Prescription."—MRS. KATHLEEN WILLIAMS, 13 Brockville St. Send 10 cents to Doctor Pierce's Favorite Prescription, Buffalo, N. Y., for a trial package of Favorite Prescription Tablets.

### PRIORVILLE

The Referendum vote on Monday April 18, was fairly successful at this poll. No. 4, Artemesia, 154 "dry" and 23 "wet"—quite a number interested in prohibition worked hard all day. Some kept the street in the vicinity of Hall and kindly gave voters any information they required and the resident clergymen, R. J. McCarty and C. S. Jones, kept their cars all day at the service of voters, some of whom were aged and infirm, but wished to cast a vote; also many ladies and others out a distance in the country, who would find it very difficult to come out, were conveyed to the poll and back home in a comfortable car and now the temperance people are very thankful for the result of the polling, which we presume will smash the big idol in the Ontario temple of the "Wets" and, possibly, cause their high priest, Haverson, to mourn in sackcloth and ashes.

The Priorville U. F. O. Club shipped a car of live stock on Thursday, of last week.

Some Hydro men are erecting a neat, painted wire fence enclosing the ground where the huge transformer is placed.

Miss Lizzie Mather is suffering again with illness and the Doctors have requested her to remain in bed for some days so that a cure may be effected and we hope that good results will speedily follow.

(Intended for last week.)

A bad mudhole is formed about half way up the hill east of the village and several cars and trucks are held up daily for more or less time. We hope that whoever has charge of this portion of the county road will get busy with least delay possible.

Dan, McInnes, of town, and young Dunbar, of Glengiel, will handle L. Frook's teams and machines this week in seeding operations.

We understand that A. E. McDonald, east of town, has entered into partnership with D. G. McLean in the general store here. A. B. will likely operate the farm for this season at least.

Ray McLean, who spent the winter with the Hydro Survey Staff, has returned to the garage here and is busy attending to the wants of car owners.

Alex. Stewart, north of the village, has been ill for over a week with pneumonia. His sister, Mrs. Bell, of Paisley, came over on Wednesday, of last week, to help to care for him.

Mrs. Angus Kennedy, of the village has been ill for some time, but is on the mend now.

Dr. McIntyre was unwell for a few days last week.

A carload of cows were sold by auction here at the end of last week. Karstedt Bros. have been enlarging and rearranging the departments in their general store here.

Mr. Teeter and family, from near Markdale, have moved into the McCormack house on the Durham road street and Mr. Jones and family from 6th con., Glengiel, have moved into the Blair house on Artemesia street.

Miss Edna Ferguson, went to Toronto on Wednesday of last week.

## Can You Save 60c. per Week?

For a man between the ages of twenty-three and thirty, about 60c. a week will maintain an Imperial 20 Payment Life Policy for \$1,000.

If, after you have paid but one premium on such a policy you should die, this Company would pay \$1,000 to your wife or other beneficiary. That \$1,000 invested at 6% would yield your heirs an income of \$1.15 a week as long as they live, and still leave the principal intact.

Have you considered what a wonderfully safe investment this is? Think of the men who were worth thousands before the war who do not possess five hundred dollars in real money today. The bottom has fallen out of their real estate and stock holdings and if they were to die their affairs would be in a bad muddle.

One policyholder said recently "the only thing I possess that is worth one hundred cents on the dollar is my life insurance policy and I regret today that I am not carrying five times as much."

Write for our booklet entitled "Penniless Old Men." You'll find it interesting.
