Every Farmer Needs a Ford

YOU don't hesitate to own a binder for a few days' use per year—to save time.

Why not a Ford for use day or night every day in the year.

—to save time that can be better used in productive work.

—to keep you in close personal touch with markets.

—to handle light produce to town.

—to bring out help to your farm.

—to keep the boys contented on the farm.

The sturdy Ford is the farm car you want for dependable power, endurance, simplicity and economy.

We render Ford Service. We keep your car on the road. We sell genuine Ford parts and repair service at fixed prices. You know the price before you buy.

T. H. REBURN, Dealer, Markdale

TRAVERTON

(Intended for last week.)

Zion Sunday School and Epworth League is to be re-organized on Sunday, May 1st.

Mr. Dick Bryan and his mother, of Vainey, spent the first of the week at Mr. R. E. Bryan's, on the 6th.

Three horses have died in this vicinity of late from indigestion. Less feed and more work would likely have saved them.

We love to listen to the murmuring of the old creek when it goes on its way leisurely; but the downpours of late make it a mad, rushing, restless thing.

Miss Myrtle McClocklin arrived home from Toronto on Saturday evening, after spending the winter there.

Little Gordon, youngest son of Mr. John O. Greenwood, has been very ill the past fortnight with typhoid fever and is not out of danger from the disease for some days yet. Nurse Barbara Kneisely, of Durham, is in charge.

Mr. Graham "Finnis" is sheep-king in this vicinity. He has a flock of over thirty ewes and the flock has more than doubled itself, with prospects still good.

Leslie, the eight year old son of Mr. and Mrs. Adam Anderson, of Edge Hill, was taken down to Toronto last week and the X rays revealed a tumor growth on the brain, with little or no chance for an operation. Dr. Starr was the specialist who examined him.

Mr. John McKenzie, sr., is slowly recovering from his recent severe illness.

Very little work was done on the land the past week and fall wheat and clover meadows suffered from the frost of a week ago.

We regret to learn that Mr. M. Quillinan, Miss Katie and Master Wilfred, are laid up with pneumonia. Everyone hopes for their speedy recovery.

Mr. J. C. Ross has made quite an improvement in his planting room and is fast getting on to the mysteries of turning out mouldings and sash fittings.

With the continuous drop in the prices for farm products and stock, it is getting to be a very serious matter for farmers to finance their obligations or make new purchases on the sky-high priced implements. The sooner manufacturers make a big cut in price lists, the better for themselves.

BERKELEY

(Special to The Standard.)

Mr. and Mrs. G. N. Haldenby and children, accompanied by Mr. Melville Watty, motored to Bradford last Saturday to spend the week-end with Mrs. Haldenby's parents, Mr. and Mrs. Kirkeys.

We are pleased to learn Mr. W. J. Rowe, who has been ill, is improving. Mr. and Mrs. McKaig and family, of Shallow Lake, have moved to the village and are settled in their new home.

We are pleased to see Mrs. Geo. Caswell out again after her recent illness.

Miss Mary Abbott, of Chicago, was the guest of her sister, Mrs. E. T. Walters, a few days last week.

Congratulations to Mr. and Mrs. Wilson Hanson on the arrival of a son.

Mr. Will Gawley, who had his foot badly cut some time ago, is able to be around again.

Messrs. Thomas Mitchell, Jr., and Dave Fitzsimmons are home from Muskoka for a few days.

Miss Arleen Clark and Miss Gerlie Rowe spent Sunday at the former's home here.

Miss Reta Watts of the Northern Business College, Owen Sound, was home for the week-end.

Mr. Jack Ritchie, of Toronto, is home on a visit.

Miss Lila Black spent Sunday at her parental home here.

Mr. and Mrs. J. H. Fitzsimmons and Mr. James Hillis, of Shallow Lake, motored down and spent Sunday with Mr. J. Fitzsimmons.

Service in the Presbyterian Church on May 8th, at 3 p.m. Rev. J. Thurburn-Conn, Minister. Sunday School at 2:30 p.m. All children invited.

WALTERS FALLS

(Special to The Standard.)

A gang of men from Owen Sound are building a new bridge on the townline, Holland and Euphrasia, at what is known as the spring creek, which promises to be a fine bridge, when completed.

Four gentlemen of the Walters Falls Fishing Club, are up from Toronto for the opening of the fishing season.

Born—On Tuesday, April 26th, 1921 to Mr. and Mrs. M. Cook, a son. Rev. Mr. Burgess paid a short visit to Toronto last week, returning on Tuesday, accompanied by a small boy, about three years old, who is going to make his home at the Paragon.

A number of the young ladies of

this vicinity met at the home of the Misses Watson on Monday last and organized a Basketball Club, with the following officers: Pres., Miss L. Dixon; Vice-Pres., Miss G. Watson; Sec.-Treas., Miss M. Rennie. Practice will commence very soon and we expect to see our young ladies become very adept in the art of putting the ball in the basket.

The young men met at the beginning of last week and formed a baseball club. Quite a large number have been out to night practice and they, no doubt, will learn to handle the bat and ball in good style. With such sports as these, there should be something doing in our burg this summer.

HEATHCOTE

(Special to The Standard.)

Backward seeding this spring. Mrs. Robert Murray spent the past fortnight with friends in Markdale.

The local sports are organizing a baseball team. We wish them every success.

The boys club are holding a social evening in the village hall on Thursday, May 5th, 1921.

Rev. Mr. Appleby, of Woodstock, was a caller on friends in the village recently.

Mrs. Herb Kerr and family, of Duncan, visited the past at the parental home here with Mr. Jas. Boyd.

Mr. and Mrs. H. A. Clark and family, of Rocklyn, were the guests of Rev. and Mrs. Young during the past week.

Mr. Stoutenburg, of the West, has purchased Mr. Prentice's farm, formerly known as the Fiddis farm.

Mrs. James Stuart is visiting with her brother, Mr. Wm. Welsh, of Epping.

The Heathcote Women's Institute held their monthly meeting, at the home of Mrs. J. L. White on Wednesday, April 27th. A large number were present. The next meeting will be at the home of Mrs. Dr. McKee on Wednesday, May 18th. This is the annual meeting and all members are requested to be present.

Mr. Thomas McDonald, of Lucknow, is visiting with his sister, Mrs. (Dr.) McKee.

We are pleased to hear that Mrs. Robert McKenzie is improving, after an attack of flu.

The death of Mrs. Saunders, at the age of seventy-six years, on Monday morning last, removes one of our oldest residents. Deceased had lived on a farm a mile and a half west of here for a great many years and retired on Sunday evening last in her usual health and awoke feeling ill on Monday morning and expired before medical aid arrived. The funeral was held on Thursday at the Methodist cemetery, conducted by Rev. B. Burgess, and the large attendance spoke eloquently of the high esteem in which Mrs. Saunders was held. The burial tributes were very beautiful. A grown-up family of six daughters, viz: Mrs. Latimer, of Eugonia; Mrs. W. Laughlin, Mrs. E. Hamill; Mrs. W. Sutherland, Mrs. Jas. Sutherland, and Mrs. F. Olmstead, all of Holland and Sam, on the homestead, are left to feel the loss of a loving mother.

Several brothers and sisters survived her, as Mrs. Saunders was the first of her family to be taken. Among others, we noticed Miss Irene Saunders, of Colpo's Bay, and Oliver Olmstead, of Owen Sound, were present.

VANDELEUR

(Special to The Standard.)

Mr. and Mrs. Bert Gilbert and daughter, of Markdale, visited with Mr. and Mrs. Geo. Waring one day recently.

Mr. J. I. Graham spent a few days with his sister, Mrs. Samuel Walker, of Riverdale.

Mrs. J. J. McGee attended the funeral of her brother-in-law in Toronto recently, and is also spending a few days with friends there.

Mrs. Will Burrell, of Sligo, visited with Mr. and Mrs. R. Genoe over the week-end.

Mrs. Dave Graham and sister, Annie, visited with friends in Kimberley one day recently.

Mr. Robert Dingwall, of Priceville, 1st Vice-Pres. of the Owen Sound Epworth League, gave a very interesting and instructive address to the Epworth League here on Sunday evening last.

Mr. Grant Blair visited with Mr. and Mrs. Will Hbard, of Markdale, recently.

Word has just been received here of the death of Mr. Samuel Walker, of Riverdale, who passed away on Monday, May 2nd, in his 83rd year, after a prolonged illness of several years.

Clean-Up Week.

The week ending May 14th is clean-up week. All yards must be in shape for the Health Inspector by that date. Anyone requiring the use of a rig may leave their order with the Town Clerk.

By order of the Board of Health.

RURAL LEGISLATION

Well Worth a Second Glance From Farmers.

Cream and Milk Purchasing—Dog and Sheep Protection—Sale of Formaldehyde—Marketing Loan—Prevention of Bee Diseases.

(Contributed by Ontario Department of Agriculture, Toronto.)

FOLLOWING are brief outlines of some of the provisions of certain bills passed at the last session of the Legislature, and which touch very closely the interests of farmers of the Province, furnished by the Agricultural Gazette of Canada:

Cream and Milk Purchase Act.

This is a measure designed to protect the producers of cream in the matter of test. It provides that all cream purchased in a wholesale way shall be purchased on a basis of the butter-fat content, and that all milk that is paid for on a butter-fat basis shall be tested by the Babcock method. At the present time, of course, practically all cream purchased by wholesale is bought on a basis of its butter-fat content, so that the chief purpose is to standardize the test and see that the producer gets a fair test. The Act and Regulations prescribe the method of testing and also provide that the shipper shall be entitled to a statement in detail of the quantities of cream received and the amount which each tested. The inspectors are given authority to enter factories at all hours and make tests, and also look over the books of the companies, and check up the quantities of cream received and the manner in which it is disposed of.

Dog Tax and Sheep Protection Amendment Act.

The dog nuisance is so general and so serious to owners of sheep that there is an effort almost every session to further strengthen the legislation to protect sheep owners from losses by dogs. The act introduced at the recent session provided that all dogs in the province shall wear tags, to be secured from the officers of the municipality. Any dog found on the premises of its owner and not wearing a tag may be killed by any person, and there is also a fine to the extent of at least \$10 for those who fail to secure tags. This section, however, does not come into effect until April 1, 1922, so as to give people concerned time to notice.

Another amendment gives the councils of counties power to take over all dog taxes collected and to pay out the losses which may be incurred through damages to sheep. At the present time these losses are borne entirely by the townships, which also receive and control the revenue from the dog tax.

The Sale of Formaldehyde.

For some years past the Department of Agriculture and many leading farmers have been advocating the use of formaldehyde for the treatment of seed grain for smut. Frequent complaints were heard that as formaldehyde was only handled in drug stores, it was not convenient in many rural sections where drug stores were often ten or twelve miles apart. It was found that all that was needed was a slight change in the Pharmacy Act which would put formaldehyde in the same class as Paris green and other poisons that are handled by hardware stores or general stores. It is, of course, provided that formaldehyde can only be sold in sealed packages carefully labelled "Poison" so that the handling may be properly safeguarded.

The Marketing Loan Act.

This is an important measure intended to grant financial assistance to organizations of producers incorporated under the Companies Act who desire to construct and operate seed centres or potato warehouses. A loan up to fifty per cent. of the value of the land, buildings and equipment may be made, provided that such loan does not exceed the sum of \$3,000 in any one case. This loan is free of interest for a period of two years, but fifty per cent. must be repaid in five years, and the balance at the end of a further period of five years. The act provides the usual machinery for the safeguarding of the investment. This measure is introduced in response to an indication that there is a real need in Ontario for encouraging the development of local seed centres where modern equipment for cleaning seed grain can be established, and in this way a market secured for the good seed produced in many sections. Similarly, there are indications that several sections are desirous of erecting potato warehouses in order to carry their product for a longer period, instead of forcing it all on the market in a short time, thereby placing the stock under control of the dealer and speculator.

Better Prevention of Disease Among Bees.

A measure passed having for its object the prevention of the spread of diseases among bees provides for the registration of the stocks of the act which has been in the statute books for some time. The act, however, is confined to foul brood. While this is one of the most serious diseases of bees, there are other that have developed later that require the attention of the inspector. The amended act also provides that bees or appliances from apiaries where disease has existed may be moved on certificate from the Provincial Apiarist. Formerly there was prohibition against moving bees or appliances under any condition.

"You Are Looking 'All In'"

"YES, and that is just how I feel."

"What seems to be the matter?"

"Why I had tonsillitis, and my whole system seemed to be poisoned and run down. So much so that I do not seem to gain strength."

"Will you let me be your doctor and do as I tell you?"

"I will do anything to get strong and well. I have been sitting here too long already."

"Well, you send to the drug store for six boxes of Dr. Chase's Nerve Food, and take one pill after each meal and at bedtime. Believe me, it will not be long until you feel the benefit of this treatment and find yourself gaining in health and vigor."

"How do you know?"

"I know from personal experience. After I had the flu I was left just like you are, now all run down; could not sleep; the little food I ate did not seem to do me any good, and I was getting pretty blue."

"Yes."

"Well, my wife had been using Dr. Chase's Nerve Food, and insisting on me giving it a trial. You know the rest, for I was soon about again, as hale and hearty as ever. I have told lots of people about this Nerve Food, and never knew it to fail yet."

"You are to be the doctor in this case, so I will follow your advice."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

The Red Cross Carries On--Why?

1. Because of demands made in dealing with the terrible math of disease and suffering, which always follows war.
2. Because of the serious conditions revealed by the war, more than half of our Canadian manhood unfit for ordinary military service.
3. Because of an international conference of medical experts, that voluntary organization necessary as an aid in solving the world's problems, decided that the organization is so well known and active that it is the only one that can be trusted.

THE Markdale Creamery and Produce Co.

NOTICE TO THE PUBLIC

It is a pleasure for us to again invite your patronage Creamery Season of 1921.
