ICEBERGS MENACE OF EARLY SUMMER

DREADED BY CAPTAINS IN NORTH ATLANTIC.

Narrow Escape of Arctic Explorer When Anchored to An Enormous Berg.

What cometh from the North? Most think an iceberg.

Early summer is the real season of the iceberg in the North Atlantic.

Can an iceberg become invisible under certain conditions of sky and light? It is claimed that it can—on a clear, starry night.

But night-time, under any atmospheric conditions, is usually a bad time for seeing bergs at a safe distance.

Popular Ideas Set Right.

There are, it is true, bergs of gigantic size to be seen in the South Atlantic and Indian Oceans.

But the largest of these is said to be only about 149 feet high.

They are not, as is commonly supposed, solid blocks of ice.

They are, in fact, masses of ice floating on the surface of the water.

STOMACH TROUBLE DUE TO THIN BLOOD

It Usually Disappears When the Blood is Made Rich and Red.

This blood is one of the most common causes of stomach trouble.

It affects the digestion very quickly. The glands that furnish the digestive fluids are diminished in their activity.

Dr. Williams' Pink Pills act directly on the blood, making it rich and red.

These pills are sold by all dealers in medicine, or you can get them by mail.

A Little Wisdom.

If you can't mend, don't meddle.

Beauty and folly are often companions.

Hope is the tie which keeps a heart from breaking.

There's no use in running if we're not on the right road.

Those who grasp at too much end by getting too little.

The content 'was never meant to blunt the spur of 'Better thyself.'

The express train to ruin is often driven by the engine Gambling.

High precedents may lead, but it is practical examples that draw.

The Foolish Man.

There was a man in our town, and he would never learn.

He went upon a fishing trip, and left his camp-fire burning.

Oh, swiftly spread that forest fire, and many homes it burned.

And from that little fishing trip, that man has never returned.

The Bowl and the Necklace.

In a certain Balkan state that I will refrain from naming, says Lord Frederic Hamilton in his book, Days Before Yesterday, the inhabitants are confirmed souvenir hunters.

During a dinner party at the British legation in that nameless state one of the ladies was wearing a fine necklace of pearls, which a native of the state admired immensely.

At the end of the dinner the lady asked for her necklace, but no one knew anything about it.

The room was plunged in darkness, and the minister counted slowly up to ten.

The electric light glowed again. There was no necklace, but the silver bowl had vanished!

Wilhelmina Plans Trip.

Queen Wilhelmina, who for years has never left Holland, is planning a three weeks' boat trip to the Norwegian fjords this summer.

The Hennessy twins were keeping the whole neighborhood on the jump.

"Holy sufferin' cats!" exclaimed Mrs. McTavish.

The only portable baggage on the last and loneliest climb of all which the soul is called upon to make.

All Allies at Louvain.

The laying of the cornerstone of the new Louvain Library July 23 will be a occasion of world-wide interest.

Ed-President Poincaré will lead the group of visitors from France, and it is announced that Whitney Warren, the American architect, who was entrusted with the honor of planning the monument.

A Good Creed for Club Leaders.

I believe in boys and girls, in men and women of a great tomorrow.

Angry voices were heard as the midnight express was about to start.

There was an interval of silence, Paddy evidently employing his thinking powers.

High Climbing.

Speaking of the Mount Everest expedition, Sir Francis Younghusband says: "At great heights men get very nervous and irritable."

It is a fine thing to find a man who goes upward to great heights without losing his head.

What is so-called "high climbing" as described by Matthew Arnold in "Rugby Chapel."

RED HOT JULY DAYS HARD ON THE BABY

July—the month of oppressive heat, red hot days and sweltering nights—is extremely hard on "lady ones."

Little Johnny was sitting by the fire, Neighbor Jones passed.

Wife—"Johnny was very bad last afternoon; he stole a lot of jam cake, and ate so much he was ill."

Good Business.

Featherstone—"I wonder if your realizations, Willie, that during last month, I have given her pounds of sweets and some flowers."

King's Hearing Is Good.

When King Christian visited a little town in northern Schleswig a German woman remarked as they were passing the King: "You can't call him good looking anyway."

She Couldn't Explain.

The other day Jones heard a commotion and decided to try it on his wife.

Go to the Top.

Examiner—"I am surprised that you all made mistakes in answering this question: 'Where was the Marquis de Lafayette born?'"

A Cheerful Prospect for the O.D.

The officer of the day advanced, but before he had proceeded half a dozen steps the sentinel cried: "Halt!"

IMPROVEMENT IS TALK OF FRIENDS

TANLAC DID HER WORLD OF GOOD, SHE SAYS.

"Change It Has Made in Me Is Simply Wonderful," Says Toronto Woman.

"I have certainly had a good change in my case to show what it can do. I sure had a time hard struggle and had just about tried everything."

"I have been in a badly run-down condition ever since I had pneumonia six years ago. My stomach was nearly always out of order. My appetite was very poor and I had to be very careful about what I ate, as I suffered terribly from indigestion."

"The Tanlac has done me a world of good. My stomach is in fine condition and I eat all I want and everything agrees with me perfectly."

Integrity.

In the world of things created, integrity is enduring.

The pyramids have been beaten up by the hot sands of 5,000 years.

Den't wear out your welcome in official to replace.

AGUATE ECZEMA ON BABY'S HEAD

Face, Neck, Arms, Torso, Slight, Itched And Burned, Cuticura Heals.

Baby was two months old when I noticed little pimples on her head.

They kept getting worse and ere long filled her head, face, neck and arms with a mass of eruptions, itching, burning, and bleeding.

I was told to use Cuticura Soap and Ointment. In less than two weeks the eruptions had disappeared.
