O. S. Presbyterial W. M. S. Annual Meeting

June skies, June verdure and June flowers greeted the many happy faces at Allenford for the Seventh Annual Meeting of the Owen Sound Presbyterial on Tuesday, June the 28th. The prayers, lead by Mrs. Brandt, of Elsinore, and Mrs. J. F. Patterson, of Wiarton, and an inspiring Bible reading by Mrs. Cecil Baker, of Owen Sound, made a beautiful beginning to what proved a splendid meeting.

The reports followed and showed a year of progress. The Treasurer reported $4398.78 from Auxiliaries, an increase of 13%, and $434.82 from Mission Bands. The Secretary of the Mission Bands, Mrs. Elliott, had many interesting things to tell. Besides the supplies asked for, some of the children sent dolls to Ludiana, India, putting in notes, and they are now corresponding with their little dark cousins. The boys of one Band earned and presented a banner. The Home Helpers' Department was the only one not showing an increase, and this is accounted for by many becoming active members. The greatest change is in Division St. Church, Owen Sound. They have adopted the weekly envelope, and each one contributing five cents per week is an active member. The Stranger Secretary's work is increasing in the Auxiliaries, which have taken up the work, but we would like to see the removals reported from each centre. The Press work has only begun since the New Year, but there are several enthusiastic reporters, and we expect next year to see the "Infant Department" full fledged among her sisters. The Library reports the best year yet, and the supply work was equal to all the demands made upon it.

Our Young Women's work has been promoted to a Department, with Miss Black, of Owen Sound, in charge and with such a capable and energetic leader, we expect great things of our young women.

Mrs. J. J. Douglas, of Owen Sound, [illegible] gave a full and profitable [illegible] Provin[illegible] Two [illegible] addresses [illegible] one of [illegible] the [illegible] the born teacher, and we also saw a nature beaming with love of children.

Miss McEachren, of Korea, came up from Toronto to give us a message. She gave us a clear view of the history of Korea up to the time Japan took possession; then explained the political situation since that date. She made the position of the Christians clear to us by telling the life story of a young girl, named Chang Sing. When she went to the school she found half of the students heathen, so she set about to pray and organize. In a short time all were Christianized. Not content, she then sought work in the town and the whole place was Evangelized by her instrumentality. For helping the needy wives and children of political prisoners, she was put in jail, where she was kept for nine months. This place was indescribable with dirt, disease and vermin, and so crowded that she was unable to turn without touching some one on every side. During the last two months, through the influence of the Missionaries to save her life, they were all disinfected and changed to a cleaner place. Her influence was so felt here that every prisoner became a believer in the true God.

Mrs. Barbour, of Meaford, took up the Forward Movement Work: 1— The value of our youth; 2— Home religion; 3— Prayer. She stated that as a generatin soon passes, the next will be according as we take care of the youth. Sunday School and Mission Band are invaluable, but there are so few engaged in them that she urged each Christian to take a special interst in some child, and
