...OAL'S THRONE
...IS IN DANGER

...L CONQUEST OF
...HE WORLD.

...scovered Oilfields of
...n Canada Are Most
...sive Yet Found.

...ance petroleum, or miner-
...s known except as a little
...a lubricant, no one even
...rning it, or of employing
...apital combustion engines,
...enough to do all the work
...ver the sole prerogative

...of the world is being ran-
...Already there are vast
...the United States, Trini-
...d Japan, not to speak of
...ssible fields of North
...which are probably the

...ing heard that oil
...ada, a stone
...ready to stake
...ly interested,
...ay rapidly
...rock, land sharks
...third, whilst day after
...hope and despair;
...the land fever
...There is no
...ing news of gas,
...often destroys the
...the gas may con-
...ed and so
...ard can be heard
...from the new well.

...9 Gallons a Day.

...a mighty foun-
...into the air. The
...capped, a top-fitted
...ch, and everything
...simply can be
...ed, with a
...ed to do all the work
...ver the sole prerogative

...ld is being ran-
...ady there are vast
...United States, Trini-
...
