## PLAYING SAFE

BY HENRY C. ROWLAND-

PART J. MacNorton went down to the station early then fretted about, calm outwardly, but raging within, until the gates opened and she was permitted

Traffic was heavy at the moment, and having suddenly decided to leave, she had been able to secure only an upper, which was well in the middle of the car. This, if possible, added to her fury, which was of a particularly upsetting sort, being mingled with a really sincere grief and a tremendous disappointment.

It is always grievous to find one's left out of an expected large

kindness and generosity. She had baby suitcase, which he had secured reached for her light, only to find it hoped to arrive in time to minister to his person by a chain. The roll of extinct. She thrust up the curtain of rugs suggested a sea voyage in imher window, but the darkness without reached her destination too late, and she had remained to hear the reading of the will. Expecting with just cause to inherit rickly, she had managed to secure the proper mourning, including a veil which, as one very close must to the deceased, she had not raised, gold. And now she was glad that she had "He

Later the lawyers had explained the reason of her omission as a legatee.
"When our late client learned of a man by shom he considered himself to have been defrauded and vilified. He swore that the son should never profit by a penny of his, and he therefore caused your name to be stricken immediately from the will."

"But I had just written him to say that I had broken the engagement, Claire protested, in a choking voice.

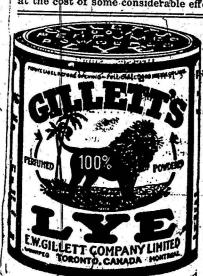

the lawyer, "your letter must be way of one accustomed not only to he parted. "I among those which arrived after the travel and its exigencies, but courget you out." troke. Let me see." He summoned teously offering to recerk, who brought a heap of cor- his fellow travelers. respondence, and from this he selected and handed to Claire the letter , by its retarded delivery, had cost Her perhaps a quarter of a million

suspected, of being by no means averse second marriage, and Claire had reason to believe that her entertainment was largely due to her useful-ness as a decoy. There was nothing of the flapper to her. She had just turned twenty-live, was possessed of and with a ripeness of physical track"—he glanced at his value and charms rather unusual for her age. smiled—"just when I've got all my Moreover, she was steady of head, cultured, and she regarded social problems squarely.

But underneath was a burning rage, this directed not against her kindly godfather, but the sultures who had profited by his bequests. She was convinced that a swarm of these had profited by her own fall; so that when presently the porter conducted to the seat facing her's a lean but severally seat facing her's a lean but squarely built young man, whom she recognized instantly as having seen at the reading of the will, Claire's emotion was for the instant homicidal. The young man who was to occupy

the journ man wap was to occupy the lower berth of the section appeared incumbered with a good deal for whose scientific education he had had set down indiscriminately, and "Yes." she answered "I've heard" the Pulman porter, observing this as he passed, proceeded to stow these pieces in more orderly fashion. A suitcase went under one seat, a sol- phen. "I have delayed the sailing of dier's senbag was stuffed under the a Government vessel to go to his funother, while a roll of steamer rugs eral." with the corner of a Navajo blanket. protruding was hung from a hook overhead. The porter then stooped to pick up a small square black/valise which the young man had set down in such a manner as to incommode his feet. But this inconspicuous bit of luggage But this inconspicuous bit of juggage did not come up. The porter had tached. He caught the trend of her reached for it negligently with one mind and smiled, then frowned. finger, and the expression of his sable face was that of one who might lay I was intensely surprised at not hear-indigent boarder and finds it nailed "So was L" said Claire hittory."

to the floor.
"Lan' sakes?" said he, and tried again, this time with success, though at the cost of some considerable effort,

then stood staring with perplexity at Having nothing clie to do, Claire the fine steel chain that was attached stead of a beggar and prospective outat one end to the valise and at the cast." other to the wrist of the passenger.

herd on it nowadays."

mourning the deceased because of past ties of love and gratitude, the conflicting emotions are disturbing in the extreme. The mind is angry, the heart is hurt pride is humiliated and Claire had traveled two days and taking no chances on the prompt custover at a slight angle to the other nights by rail to reach the bedside of her dyingle godfather, a millionaire and a past benefactor of many acts of his legacy in gold and put it in the of waters. Terror stricken, Claire kindness and generative. She had bely guitable with the contract of waters.

a man already well provided for who six inches on the aisle of the car. brought his horse to be shod. No bets is making off with a good part of Through this she shricked wildly for are made, no prizes offered; the sole reason of her omission as a legatee. "When our late client learned of what should be my inheritance." She help. "One minute!" shouted a vibrant Schaick he was furious," the dry little under the seat and saw the label of voice. "I'll get you out." councilor had said, "It appears that a Washington hotel, also the remains. The cries and screams seemed grow-Mr. Van Schaick's father was not only of one of the French Line.
