# Friendship—Yes! But—

"The Bill will not let in Canadian wheat, but will give to the American farmer the right to raise a bushel of wheat instead of transferring that right to Canada."—Mr. Fordney, in introducing the Fordney Emergency Tariff Bill which has shut millions of dollars worth of Canadian foodstuffs out of the United States market.

"If we are to build up a self-sustaining agriculture here at home, the farmer must be protected from unfair competition from those countries where agriculture is still being exploited."—President Harding. The very spot chosen to deliver this speech—Minnesota—shows that Harding had the Canadian North-West in mind.

WHILE ties of friendship unite Canada and the United States, the attitude of Uncle Sam is that of "Business First", and Canada cannot and should not hope for any consideration from the United States where the interests of the farmers and business people of that country are involved.

Uncle Sam has built the Fordney Tariff directly against Canadian agriculture, and new additional Tariff proposals are now under consideration to shut out from the United States Canadian goods of every kind.

These measures are due to the insistence of the American farmer that the United States market shall be retained exclusively for him and that the influx of Canadian farm products into that country must cease. They are also due to a like insistence of United States manufacturers and workers, who have seen their country develop tremendously and grow rich under a Protective Tariff, and who believe that a still further increase in tariff is the only means of assuring continued prosperity.

### CONTRAST THE ATTITUDE OF THE UNITED STATES LEADERS WITH THAT OF CANADA'S WOULD-BE LEADERS, CREEAR AND KING.

Creear proposes to allow American goods to enter the Canadian market free of duty.

King proposes that the present reasonable Tariff on the products of the American factory and farm shall be greatly reduced, and that the home market of the Canadian farmer and manufacturer shall be thrown open to our Southern neighbor, in the face of the United States Emergency Tariff, which practically shuts out Canadian farm products from these markets, and also in the face of the permanent tariff now under consideration at Washington, which gives every promise of being even more drastic than the Emergency Tariff so far as our products are concerned.

In view of the attitude of the United States, what folly it is for Creear and King to propose throwing open the Canadian market to a flood

of both agricultural and manufactured products of the United States when there is not the slightest possibility of any compensative advantage to Canada.

Does any sane Canadian believe that Creear or King, set in hand, could persuade the United States Government to completely reverse its Tariff policies and agree to reciprocal trade in face of American public demand for a high protective Tariff?

The people of the United States conduct their affairs and protect themselves by the principle that "Business is business." Why should Canada do otherwise?

Unlike Creear or King, MEIGHEN stands firm for a reasonable Tariff to protect all our industries—those of the farm, the sea, the mine, the forest, the factory, and for the building up of a bigger and better Canada through the full development of the home market.

### FRIENDSHIP WITH THE UNITED STATES? YES, BY ALL MEANS!

## BUT—

Let us defend our home market, our industries, our farms, our workmen, our homes by the same methods as are used so effectively against us.

Let us work out our own destiny—that of a strong, self-contained nation within the British Empire group of Nations, courageous, masterful, self-reliant.

### TRAVERTON

(Special to The Standard.)

'Tis strange how some people, who are quick to adversely criticize other folk, are terribly aggrieved if the criticism falls on their own heads or the pet favorite.

Mr. W. J. McFadden, of Orange Valley, spent a few days of last week at the parental home.

Mr. Wm. McNally, father of Mrs. R. E. Bryan, is seriously ill at his home in Grand Rapids, Mich., and is not expected to recover. Old age pneumonia is the disease from which he is suffering.

Mr. W. Hastie, Liberal candidate for South Grey had a most attentive audience in the Township Hall on Wednesday night of last week and made votes for himself.

Mr. T. McRae, who lately graduated from the school of Chiropractors at Toronto, is at present visiting at the old home. The neighborhood unites in congratulating him on his success.

Mr. Frank McAshey left the early part of last week for Parry Sound, to resume his position as foreman in Mr. Mitchell's big lumber mill. Councillor A. Livingstone and better half attended Zion's service on Sunday afternoon and spent the evening at the home of your scribe.

Twenty converts were immersed in the Durham Baptist Church on Sunday evening by the Rev. Mr. McEwen, as the result of special meetings, lately held in Glenelg Centre Church. The greater number were from the 4th con. and lines further south.

Miss Edith Hughes has resigned her position as teacher of No. 4 school, ending with the Xmas term. A big crowd from Glenelg purpose attending the "Nomination" in Durham on Tuesday.

Many a dark shadow crosses life's pathway. Mr. Chas. Shannon, son-in-law of Mr. Jas. Morrison, who was wedded to his eldest daughter, Mary A. four years ago, contracted pneumonia and, after a few days' illness, passed away on Monday, November 7th, at his home in Detroit. Mr. Morrison quickly responded to the sad telegram and had the remains conveyed to his home, here, in preparation for taking place the following Saturday morning to St. John's cemetery. Rev. Father McGoey officiating. He was a strong, lusty young fellow in his twenty-seventh year and besides his wife bore a young partner, leaves two children. Mrs. Shannon returned to her home early last week.

Looking fresh and hearty from their three months' sojourn in the West, Messrs. J. D. McArthur and Rob. Peart arrived home recently from Lethbridge, Sask.

Mr. and Mrs. Rob. Caldwell, of Toronto, arrived from Toronto on Saturday to the home of Mr. and Mrs. John A. Beaton.

### VANDELEUR

Mrs. Bert Martin (née Cora Hutchison), of Swinton Park, visited with friends in this community recently.

The Women's Institute held their November meeting at the home of Mrs. Wylie on Thursday afternoon of last week. The meeting was well attended. Papers were read by Mrs. Brodie and Mrs. Hutchinson. Lunch was also served.

The Vandeleur Baseball team, the champions of Centre Grey Baseball League for the season of 1921, had their pictures taken at the studio in Markdale last Monday afternoon.

Practically this entire neighborhood attended the monster political meeting at the armories, Markdale, on Monday afternoon, in the interests of Miss McPhail, the Progressive candidate for South Grey. Miss McPhail will get a tremendous vote in this section.

### WODEHOUSE

Mr. Bert Thompson suffered a bad loss on Sunday evening when his barn, including the season's crop and implements, etc., were destroyed by fire, the origin of which is a mystery, as there had not been anyone in the barn that evening with a light of any kind. At this season of the year the loss is serious. Mr. Thompson and family have the sympathy of this community.

One day last week a bill, which had been posted at the New England Church Corner, advising the meetings of the National Liberal and Conservative candidate in North Grey was torn down by someone, who is surely lacking in common sense. There is a penalty for that kind of work, if the guilty could be located. We don't think an act of that kind will help the cause of the political side-taker by the offender.

### CHERRY GROVE
