A SAVINGS ACCOUNT
has made many desirable investments possible

MANY men on a regular income find themselves with money on their hands at the end of each month or each week, which is spent because the amount itself is too small to find a place for investment.

Our savings department affords the means by which these amounts can be added to each other regularly until a balance is accumulated which enables the depositor to take advantage, in a substantial way, of the opportunities for investment constantly offering.

This is one of the best purposes served by a savings bank account. Start one now.

We'll try Markdale next.
