

Your Plans for the Year

THIS year you plan to extend your farm operations.

Perhaps it is a new silo, more cows, a tractor, extension to your dairy stable, a new barn, new machinery, land to clear and break; perhaps it is winter feed to finish your steers or young cattle for your new pasture or range next spring—whatever it may be that you want to do to extend your farm operations. The Bank of Toronto is ready to discuss your plans with you.

Any responsible farmer will find a ready listener and real helper in any of our Branch Managers. Talk it over with the nearest one.
