EFFICIENT FARMING

Bordeaux Mixture.—What is Bordeaux mixture? It is a mixture of copper sulphate and lime. It is used for the treatment of various diseases of plants, particularly those caused by fungi. It is a powerful fungicide and is used in a wide variety of crops, including grapes, apples, and pears.

Runaways.—Jim was a little boy, and Caddy was a yellow pup dog with a tail that curled up over his back in a funny little queue. "Isn't it fun playing by ourselves, is it, Caddy?" said Jim as they romped in the yard. "I wonder why Ted doesn't come." He climbed up on the fence and looked toward Ted's house. He saw Frances, Ted's little sister, but there was no sign of Ted.

The Sunday School Lesson

FEBRUARY 12
Elisha and the Shunammite Woman, 2 Kings 4: 18-27, 30, 32-35. Golden Text—John 5: 25 (Rev. Ver.)

Elisha and the Shunammite Woman.—Elisha's ministry extended to the hill country of the Samaritan hills, which were the southern edge of the plain of Esdraelon, runs westward into the Mediterranean Sea. Here Elisha had gained his victory over the prophets of Baal (1 Kings 18: 17-40), and here he was now a band of prophets over whom Elisha exercised supervision. Caught him, by the feet, in attitude at once of supplication and of convulsive sorrow. Gehazi attended Elisha as his servant, as Elisha had attended Elisha, 2 Kings ch. 2. He did not think it proper for a woman of substance to prostrate herself on the way even to salute any of his master to have her there. Let her sympathize with Elisha. He was easily accessible to any one in trouble. The Lord hath hid it. Elisha marvelled that, prophet though he was, he had no knowledge of her trouble. "On his frequent journeys through Shunem, Elisha is entertained by a wealthy lady, who at length persuades her husband to build a guest-chamber on the roof of their house for his accommodation. As a reward for her hospitality Elisha promises that a son shall be born to her the following year." (Skinner). The Hospitality was recognized as a duty among the Israelites but the hospitality afforded to Elisha was unusual. Ordinarily temporary booths were erected on the flat roofs for guests but the Shunammite built a permanent addition to his house for Elisha.

I. A Mother's Grief, 18-21.—The farmers of Palestine do not visit each on his own farm but together in villages where each goes out to till his own land. Hence the lad strayed out from the village to his father's field. The fact that the Shunammite had hired help shows that he was well-to-do.

II. A Mother's Joy, 22-30.—The staff failed to strike Gehazi's hands. Gehazi always seemed unfavourably and Elisha's Resurrection power in such cases. The child died at once, vs. 20. It was a dark when Elisha reached the house.

III. A Mother's Petition, 22, 27, 30.—The following suggestions may be gleaned from the study passage: The Shunammite woman was a model of hospitality to a religious teacher. She has blessed in her hospitality. Ever since her time boys have been much to ease the burden for the weary.

IV. A Mother's Prayer, 27, 30.—The prophet was grateful for the kindness shown to him. Gehazi's prayer for the child's recovery was answered. The Shunammite woman was a model of hospitality to a religious teacher. She has blessed in her hospitality. Ever since her time boys have been much to ease the burden for the weary.

V. A Mother's Faith, 27, 30.—The prophet was grateful for the kindness shown to him. Gehazi's prayer for the child's recovery was answered. The Shunammite woman was a model of hospitality to a religious teacher. She has blessed in her hospitality. Ever since her time boys have been much to ease the burden for the weary.

The Shunammite woman was a model of hospitality to a religious teacher. She has blessed in her hospitality. Ever since her time boys have been much to ease the burden for the weary.

THE TORTURE OF INDIGESTION

Thousands Made Miserable By This Trouble

"FRUIT-A-TIVES" Relieves It

What is indigestion and what causes it? As you know, solid food must be changed into a liquid by the stomach before it can be taken up as nourishment by the blood.

The stomach acts as a churn. It is covered by a strong, impervious coat and lined with a soft, delicate membrane which secretes the Gastric Juice, which digests the food.

When food enters the stomach, the muscular coat squeezes and presses the food from end to end, or churns it, with the gastric juice to dissolve or digest it.

If the stomach muscles are weak—or if the dissolving fluid is insufficient—the food cannot be digested properly and you have indigestion.

"FRUIT-A-TIVES" is the most wonderful medicine in the world for strengthening the stomach muscles and procuring an abundance of pure, full-strength dissolving fluid to completely digest every morsel.

"FRUIT-A-TIVES" lacks this because it lacks the kidney action, the laws regular and the blood pure, which insures pure gastric juice.

"FRUIT-A-TIVES" will correct your indigestion or Diarrhoea and enable you to enjoy every morsel.

Each bottle costs \$2.00, 10 bottles \$18.00. Sold by all druggists and health food stores.
