

VANDELEUR

Mrs. Sinclair, of Owen Sound, is visiting with her daughter, Mrs. S. H. Buchanan. Miss Ella Taylor, of Walters Falls, spent a week with Mr. and Mrs. Bert Taylor. Mr. and Mrs. R. Richardson, of Fleesherton, visited with Mr. and Mrs. George Pritchard. Little Alice Cutting, of Markdale, is spending a week with her aunt, Mrs. Wyllie. Vandeleur Farmers' Club held their March meeting in the hall on Monday evening of this week and it was well attended. Considerable business was transacted, and a large number of orders handed in for binder twine, seed corn, etc. The Sec'y. had price lists and catalogues of wire fencing, harness, etc. and much discussion took place. A communication was read from the county director, aiming at forming a Farmers' Baseball League in the county.

Crowded out last week.

Mr. and Mrs. Jos. Buchanan have returned home after spending two months in Toronto and Guelph. Mr. J. I. Graham, Secretary of the Grey Board of Agriculture, is attending the meetings throughout the riding. Mr. Grey and Miss Gorley, Markdale, were the guests of Mr. and Mrs. L. Johnston over the week-end. Mr. B. Taylor had a very successful sale of livestock on Monday afternoon. Some splendid animals were disposed of for handsome prices. The sale was to have been on Wednesday of last week but the inclemency of the weather prevented.

The Women's Institute from here were favoured with splendid weather and a large crowd for their concert on Friday evening of last week and the affair was a brilliant success in every particular. The entertainment was given in the school-house and the building was filled to capacity. Many people came from Markdale, Fleesherton, Kimberley, Eugenia and other outside points. The principal part of the program was a play entitled "The Spinsters' Return" and it took about an hour and a half to perform. It was exceptionally well rendered. The play, which was preceded by a short program, was the sequel to a play given by the ladies last winter entitled "The Spinsters' Convention" and was of a very humorous nature, and was much enjoyed

by all present. Many splendid, as well as comic costumes, were on exhibition. One of the most humorous parts was the ladies orchestra, and the antics of the musical director were very amusing. We understand that the ladies are to give the play in Markdale in the near future.

EUGENIA

Mrs. R. Gorley, sr., has gone to visit her sister at Shelburne. Mr. R. J. Pedlar has returned from Toronto, where he was receiving medical treatment. Mrs. Wm. Hyslop is visiting her brother, George, at Ceylon. Messrs. Moore and Armstrong, of Fleesherton, visited with Mrs. Large recently. Cottage Pruyer Meeting at the home of Mr. J. Walker on Friday evening of this week. Mrs. Bert. Graham spent a few days in Kimberley this week, before returning to her home in Toronto. Mr. and Mrs. Wm. Fenwick, Mrs. Brown and Mrs. Jos. Williams, of Toronto, visited with Mr. and Mrs. Theo. Fenwick. Mr. and Mrs. Wm. Smith, of Maxwell, were the guests of Mrs. R. Smith.

The Methodist Congregation are having a pie social on March 14th. Everybody welcome. Miss Mariel Carruthers has gone on a visit to Collingwood and Thornbury.

UNION HILL

Each came in like a lamb. Mr. Dixon R. McFadden, accompanied by his mother, visited with Mr. and Mrs. L. Gardner, of Epping, this week. Born—On Monday, February 27, 1922, to Mr and Mrs. Walter Tobutt, a son. Congratulations! Mr. S. Maddill, of Lilly Oak, was a pleasant visitor in our burg last week. Come again, Sam. Mr. and Mrs. James Matthews and daughters, Cora and Sadie, spent the week-end with friends at Holstein. Mr. and Mrs. Earl Semple and son, Alex., attended the Miller-Boyd wedding at Rocklyn last week. Mr. J. I. Clark and friend visited friends near Swinton Park the first of the week. Mr. and Mrs. John Miller and children, of Rosedale, also Mr. Alex. Miller and his bride, of Fairmount, are the guests of Mr. and Mrs. Earl Semple this week.

CREDIT AUCTION SALE

Three-Day Judging Courses. It is expected that during the month of March, five three-day Judging Short Courses will be held at Annan, Walters Falls, Rocklyn, Holstein and Epping. The following speakers have been selected: Dr. W. E. Baker, Toronto; Horse Judge and Veterinary Science; Mr. John Gardhouse, Weston; Beef Cattle; and Mr. R. H. Harding, Thorndale, Sheep and Swine.

Department of Agriculture

There has been some criticism of the New Dairy Standards Act, which has recently come into effect. This criticism is largely due to lack of knowledge on the milk producers' part. The aim of it is to improve the quality of our dairy products and to bring about a fairer system of payment for milk, which is used in the manufacturing of cheese, butter, condensed milk or milk powder. It does not refer to milk sold or offered for human consumption.

There are three main clauses in the Act. Firstly—That all milk or cream must be paid on the basis of its fat content, not weight only; Secondly—Cream will be purchased according to grade. This clause does not come into effect at present, and Thirdly—It has become necessary to pasteurize whey of other by-products which are used for feeding purposes. Every Creamery buys its cream on the basis of fat content now. The opposition is coming from the cheese factories; yet it is known to dairy experts that about 1% pounds of cheese extra is made from 100 lbs. of 3.5% than 3% milk. This in 1922 would have been worth 22c more. According to the pooling system, the farmer producing 3% milk would have received as much as he would from the 3.5% milk.

The pasteurization of skim milk and whey is necessary because of the spread in Tuberculosis in Ontario. In 1921 it is known that 19% of our hogs were affected with the disease. This is an enormous loss which could be stopped.

Canada holds premier place in the Cheese-trade of Great Britain. To hold it we must produce under a Dairy Standards Act. Our trade in Hogs has seriously declined. We only hold fifth place. New Zealand and Danish butter is selling in Canada and United States. Its quality is ideal. It is finding ready sale. Canadian farmers must wake up. The above mentioned articles are produced under the Standard Dairy Acts, Canada, to keep pace must follow the example. If further information is required, write to the Department of Agriculture, Markdale. We will endeavor to clear up any difficulties.

Orders For School Pairs. The orders for the School Fair Material are now coming to hand quite freely. They will be filled very shortly. We have quite a number of new schools already applied, so that the Department of Agriculture, Markdale anticipates quite a large increase this year. We hope to visit many School Boards this spring in an attempt to stimulate greater interest.

Forage Poisoning. Quite recently, from widely separated sections of Grey County, reports have come to hand of many cattle dying due to forage poisoning. The Department of Agriculture, Markdale, sent some samples of Sweet Clover Hay and Oat Straw to the Dominion Pathologist at Ottawa requesting a report. The following is an extract from the same: We submit it to the farmers in the hope that it may explain a few points which undoubtedly worry many who are using Sweet Clover as hay at the present time. "It would appear that Forage Poisoning was the probable cause of death. This disease is caused by the toxin of the B. botulinus and is found in small pockets in the fodder—not being evenly distributed in the fodder. You will therefore understand that it would only be by chance that a sample of food would contain the organism or toxin. The better way to collect a specimen is to send the contents of the stomach and other portions of the alimentary tract for examination."

Seed Grain. We have several inquiring for seed grain. If any farmer will bring a sample of any seed he may have to dispose of to the office at Markdale, it will be shown to any who may be inquiring for seed. Let us help you. We are here to serve.

CHERRY GROVE

(Special to The Standard.) Mrs. R. W. Bradey, of Glascoot, visited over the week-end with Mrs. E. Bradey. The former, accompanied by Mrs. A. Fawcett, drove to Blantyre on Sunday to visit at the home of Mrs. Stitt.

Mr. Dick Powley, of Conquest, Sask., is on a visit with friends here. We are pleased to report Mr. G. Gorley, of Markdale, on the way to recovery, after an illness of several days, at the home of his daughter, Mrs. H. B. Gregory. Mrs. Gorley is in attendance.

A very successful meeting of the W. I. was held at the home of Mrs. Ran. Bradey on Thursday last. A large number of the members and many visitors were present, the latter including representatives from New England and Kimberley Women's Institutes. The opening exercises were followed by the usual business transactions and closing with the National Anthem. It was decided to hold a cake sale in the Department of Agriculture, Markdale, on Saturday, March 18th, the proceeds to go towards purchasing supplies for Sunday School work, which it is expected will begin early in May. A debate

was held on "Resolved that good nature is more desirable in a house-keeper than the ability to cook and sew." The line-up was as follows: Affirmative, Mrs. W. E. Bradey, Mrs. W. J. Ward, Miss Islay Stephenson. Negative, Mrs. T. J. Harvey, Mrs. W. A. Dickie, Mrs. J. I. Irving. Judges: Mrs. Hare, Mrs. R. Fawcett, Mrs. F. Weber. Many excellent points were brought out on both sides and created considerable amusement and interest. The judges, after retiring for several minutes, decided in favour of the affirmative. Miss Edna Cherry, of New England, W. I., and Mrs. E. Bradey rendered some good violin music to a piano accompaniment. There was also community singing. The hostess, assisted by Mrs. J. F. Marshall and Mrs. Weber, served a very dainty lunch. The next meeting will be held at the home of Mrs. Dickie.
