### Got No Sleep

But now the neuritis has gone, the pains have ceased, the nervous system is restored and the writer of this letter pays a grateful tribute to the medicine which made him well.

Mr. John Woodward, P.T.O., Lucan, Ont., writes:

"It gives me much pleasure to recommend Dr. Chase's medicine, especially the Nerve Food. I was a sufferer from neuritis for several years, and tried all kinds of remedies, yet never seemed to get any better. At last my nerves and whole system seemed to give way through not being able to get any rest or sleep at night for pain, which mostly took me in all parts of the limbs and feet. My nerves would twitch till my whole body would seem to jerk right up as I lay in bed. Almost at the point of despair, I decided I would get Dr. Chase's Nerve Food, which I did, and after taking twenty boxes, I believe myself almost normal again. I also keep a box of Dr. Chase's Kidney-Liver Pills on hand, and for the past year I seem to enjoy my usual health."

How about a little Advertisement in The Standard? It pays!

## How's Business?

Advertising, backed up by the right spirit, the right goods and the right service, can rescue a sinking business and will make a prosperous business more masterful in its own community.

When John Wanamaker, the Prince of Merchants, began business, he resolved to force matters. He was not content to WAIT to be found out—he DETERMINED TO BE found out. In short, he advertised. He threw on his business, small as it was, the light of publicity, and the public of Philadelphia entered the shop on which the light shone.

In this community the public is entering those shops on which the light of advertising is falling.

### A WORD TO THE PUBLIC

Be sure of this: those who are using our columns week after week do not give you poorer goods or service, or have higher prices. Shops which are illumined by advertising court with full confidence your favor.

## A Spring Day Up in Muskoka

A Spring day in Muskoka, with water vividly blue, the pine, the song of birds in the air. On a sunny slope a wild garden of trilliums with ever hands, she stood at the questioning stream of "I never picked wild flowers before," she said, "I was in the city. Father died, and I was alone. I wasn't strong, worked hard, and I got it. They brought me here to the Sanitarium, and stretched."
