"There Goes the Last Train!"

Long Distance to the Rescue

"What shall we do, George? There goes the last train, and the children will be alone all night. We simply can't have that; Betty is such a nervous child, and Bobby's always hunting for matches to make Indian bonfires with. It's dreadful."

"Well, Mary, you can't get home to-night. That's all there is to it."

"But we must do something. They may set the house on fire."

"Listen! Here's the drug-store. We'll call up Annie by Long Distance and ask her to go over and stay with the children."

"Oh, what a relief!"

Simple isn't it? Long Distance is the friend in need, always at hand, always ready to put you in touch with family, friends and business.

I'm So Tired

Fatigue is the result of poisons in the blood. So when the kidneys fail to purify the blood one of the first indications is unusual and persistent tired feelings and pains in the back.

Neglected kidney troubles lead to years of suffering from rheumatism or develop into such fatal ailments as Bright's disease.

The kidney action is promptly corrected by use of Dr. Chase's Kidney-Liver Pills—the best known regulator of kidneys, liver and bowels.

Mrs. John Ireland, R.R. No. 2, King, Ont., writes:

"I was a great sufferer from severe headaches and bilious spells. I tried a number of remedies without obtaining any benefit until I was advised to use Dr. Chase's Kidney-Liver Pills. These completely relieved me and made me feel like a new person. I am very grateful to Dr. Chase's medicines for what they have done for me, and you may use my letter for the benefit of others."
