Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such up-building treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearse, Nunn St., Cobourg, Ont., writes:

"My system became run-down and I suffered greatly with pain in my head. This was so severe that I would have to hold a cloth tightly about my head so that I could get my work done. A friend advised the use of Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

Holland Centre—For some time past it has been a well known fact that there is abundance of material at Williams' Lake, situated north-west of this village, for the manufacture of cement.

A Company in Owen Sound has taken the matter in hand and last week a line was surveyed from the lake to the C.P.R. on which will be built a branch railway to be used by the company who intend to build cement works at Williams' Lake sim-ilar to the Portland Cement Works at Shallow Lake.

Communication

Mr. Editor—

Just a little comment on a news item which appeared in your paper under the date of July 12th, headed "Berkeley Won." Now, to say the least, your correspondent was unfair and insulting, in as much as they were treated a whole lot more decently than they deserved.

To start, they brought on an umpire whose knowl-edge of baseball was confined to one thought, "Berkeley must win." One of their fans made a cowardly attack on a Holford player, using as a weap-on a neckyoke, which chanced to be handy.

To let Berkeley have a chance to learn the game, Holford will play them on Holland Centre diamond, with an umpire who knows the game, at any time Berkeley wishes to play.
