

Your Earning Years Are Limited

Do your plans provide for independent support when your earning years are past?

Out of 100 men at age 25, statistics show that at age 55, only 7 will be in good circumstances, with 30 already more or less dependent. At age 65, about 5 will be independent, another 5 still working for a living and 54 dependent on others. Of every hundred widows, 82 are left unprovided for.

A savings account started now in this Bank, and regularly added to during your earning years, will keep you and yours out of the "dependent" class.

A \$25 monthly deposit will, with compound interest in this Bank amount to nearly \$3500 in 10 years and to \$8214 in 20 years.

Priceville

(Special to The Standard) The wonderful harvest weather has enabled the farmers to gather in a bumper crop in fine condition.

Mr. Thos. Nichol, with his numerous men, teams and machinery, is pushing the County Road building rapidly through the hills and glens of Glengly township.

A successful party was held under the auspices of the Ladies Aid of Priceville Methodist Church on Thursday, August 31st. The spacious and pretty lawn of the parsonage was the scene of the festivities.

The weather-man favored the promoters with the most beautiful evening that could be desired—the air was balmy and the moon was bright. It consoled the farmers, busy with harvest, to put away the plow and get out to take their wives and sisters for a pleasure trip.

They all agreed that it was well worth while from every standpoint. Supper was served on the parsonage lawn from 6 to 8 p.m. and then it was dark enough to go into the church for the purpose of listening to the numerous entertainers present.

Rev. J. H. Oke, the pastor of Priceville Methodist Church, made a most amusing and efficient chairman interspersing his witty remarks through the program instead of making a lengthy address.

After a fine selection on the program held a high standard of excellence. The high quartette of the Priceville Methodist Church, consisting of Messrs. McCann, Smith, Stinson and Gillis, accompanied by Messrs. Nichol and Stewart.

Mr. J. H. Stewart and his uncle, Dr. Barker, of Springfield, motored up last week and had good-bye to old pupils and friends, as he purposes spending next year in Collegiate work at Aylmer.

Mr. and Mrs. A. G. Blair and Master George left on Thursday for a week's visit to friends at Ferguson, Hamilton and Toronto, taking in the Exhibition.

This reported that Mr. Harry Hunter, of Durham, has purchased the old woolen mill property, called the "Abel Wright" farm, from Mr. P. McCullough, of Markdale, and is preparing to build a summer cottage.

Mr. J. H. Robson had a farewell party of fair ones on Thursday afternoon in honor of Miss Isabel Flynn, Miss Lillian and Miss Lottie Peleler, who left on Saturday for their homes in Toronto, after holidaying a month.

Miss Margaret Flynn came from the city the same day to spend a week at the same cozy home.

There was a bustling time around this old ranch last week. Mr. J. McDonald, of Ceylon, was busy putting in window and door frames and laying floors.

Mr. W. D. Connor, of Durham, was erecting a new "Baker" windmill, and the Ritchie Bros. made a start on the brick work. Everybody was on the jump.

Mrs. P. Nelson and son, Tom, were guests of Mr. and Mrs. P. Harrison of Swinton Park, last week.

Miss Margaret Greenwood, Edna and Ray McClocklin, Rob Jackson and others are taking in the big Exhibition this week.

Mr. Tom Nelson has purchased a dandy grey driver, Arthur McNally, a handsome beast from Mr. Wm. Matthews.

Councillor T. Brodie had Traverson hill graded and gravelled last week as it had gotten badly rutted.

Mr. Jas. C. Ross is doing a lot of lumber planing of late and is making an excellent job.

Headaches Gone

Perhaps you can imagine what this means to one who had suffered terribly with headaches for ten years.

Read about it in this letter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes: "I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they did me no good at all. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have any headache now for every hundred I used to have, and my nerves are good and strong. I just weighed 109 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this medicine has done for me, I cannot too highly recommend it to others."

Long Distance a Savings Not an Expense

"What is this charge for \$21.69 for Long Distance telephoning in your expense account?" said the Sales Manager of the Blank Manufacturing Company to one of their wide-awake salesmen, "Pretty steep, isn't it?"

"Depends on how you look at it. I thought you might raise some question, so I figured out how much actual saving for the firm that Long Distance telephoning represented.—4 days salary, \$40.83, Railroad fare, \$18.70, Hotel \$15.00, a total of \$74.53. Deducting the \$21.60 you have an actual cash saving to the firm of \$52.93—to say nothing of the extra sales I made in the time saved."

More and more sales and accounting officials are beginning to realize that instead of being an expense, Long Distance actually saves money and valuable time when intelligently used.

"Use the Bell to Sell"—or to buy. Most good salesmen realize that Station-to-Station calls often answer just as well as the more expensive Person-to-Person messages.

Every Bell Telephone is a Long Distance Station.
