Notice to Subscribers

Readers of The Standard will notice that we have added to the length of the columns in this issue. For some weeks we have felt the need of more space in order to accommodate the reading matter which had been accumulated. By the addition of two extra 142 inch spaces, this of course, will cost more money to produce, and with the continued increase in the price of paper, means that we will have to increase the price of The Standard. Renewal subscriptions will be received at the \$1.50 rate up to February 28th, 1923, but for not over a year in advance. New subscriptions at the old rate will be received during the month of November only. The new rate will be \$2.00 a year in Canada and \$2.50 in the United States.
