There was a good sized audience in the Methodist Church on Wednesday evening last week at the lecture and moving picture entertainment given under the auspices of the choir. Mr. Forster, of the Department of the Interior, Ottawa, gave a very interesting and instructive address on Canadian National Parks Improvement, which was followed by very fine pictures of the beautiful scenery of the Dominion. Pleasing musical numbers were given by the Choir and Hawaiian Orchestra. A liberal silver collection was received amounting to \$18.50. Mr. Forster visited the High School in the afternoon and gave an address to the students and also to the public school scholars, who attended in a body.

The public school pupils were busy last week collecting old papers, magazines and rubber goods, about a ton and a half of which, was shipped to Toronto on Saturday. The proceeds which will be upwards of twenty-five dollars, will be a contribution from the school to the fund for relief of the fire sufferers in the North.

A fairly good crowd of marksmen attended a shooting match at Mr. Fred. McMullen's on Friday last, when his large flock of geese were disposed of.

The Methodist Ladies' Aid held a successful bazaar on Saturday. A great variety of goods were sold and the proceeds were nearly \$70.00.

Two important sales in real estate were made here last week. Mr. W. W. Trimble sold his brick residence to Mr. A. M. Gilchrist, who lost his residence by the recent fire here. He will get possession in January. Mr. Trimble purposes building a neat bungalow in the spring. Mr. W. A. Armstrong sold his fine new bungalow, opposite the Methodist church, nearly completed, to Mr. R. G. Holland, who will move in about the end of the year.

The friends here of Miss Grace Van Dusen, sixteen-year-old daughter of Mr. and Mrs. Frank Van Dusen, Toronto, were pleased to learn last week of her success in winning the Art Scholarship at Harvard College, which will enable her to free tuition at the college of Arts. The clever young artist is a grand daughter of Mrs. A. S. Vanbusen here.

Mr. A. M. Gilchrist, of this place, received word a few days ago of the election of the position of Sheriff of his brother, Wm. G. of Eggleston, North Dakota. The newly appointed Sheriff has more than 1500 acres of land in the north-west, where he has a fine ranch. His brother is pleased to hear of the honor which has come to him.

Rev. and Mrs. J. H. Oke and Miss Oke returned last week from their holiday and Mr. Oke's congregation in the Methodist Church was pleased to see and hear him again on Sunday morning. Rev. Mr. Lowndes preached again in the evening and his able sermons, while here, were highly appreciated. Mr. Lowndes returned home to Newmarket on Monday.

There was a large congregation at the Presbyterian church on Sunday and the service was made especially interesting for the young people. The Sacrament of the Lord's Supper will be dispensed next Sunday.

The meeting of the Young People's Society in the Methodist church on Monday evening was made especially interesting by a visit from Rev. H. H. Eaton, of Chatsworth, who gave a very helpful address.

Your Correspondent is indebted to Mr. G. Mitchell for a treat of choice venison from his recent capture in the North.

After church on Sunday evening, a number of citizens gathered at the McTavish radio receiving station to hear some of the celebrities in oratory and musical programmes being given abroad. Soon a speaker was heard delivering an eloquent sermon, when, to the astonishment of all, Mr. W. H. Miller recognized the voice as that of Rev. Percy Barker, whom he had heard at Thornbury ten years

ago. Some were incredulous, but at the conclusion of the sermon, proof was given when announcement was made at the broadcasting station that the speaker was Rev. Dr. Percy Barker, who delivered the sermon in the Presbyterian church at Pittsburg, Pennsylvania. Dr. Barker's father was the Methodist minister at Thornbury some years ago and Mr. Miller knew the family then. It was singular that he should so unexpectedly hear one whom he was quick to recognize.

Mrs. A. Allen, of Fredonia, N. Y., is visiting her brother, Mr. Wm. Lester, and family here.

Wedding bells are ringing. Miss Lily Black, daughter of Council Black, is entering Durham Hospital this week to train for a nurse. We wish her every success.

After spending a most enjoyable two weeks' visit with her cousin, Miss Margaret Greenwood, Miss Mabel Robertson returned to her home at Molesworth on Sunday.

The "hog grading" business, so far, is one of the biggest fronts ever operated on these northern counties. We are fully convinced that over 50 per cent. of the hogs from Grey County should be right classed and select bacon hogs. The hogs from shippers and from the stock yards at Toronto are 10 per cent. standard as such. The packers, from present inspection, stand a good chance to increase their dividends.

On Thursday evening last, the Ritchie Bros., of Durham, finished the party coat on our new home and an excellent job they have made throughout. We expect Mr. John Macdonald, of Cayton, back this week to work on finishing up the wood work.

As reported in last week's Standard, Mr. Hy. Moffat sold the Ranald Martin Farm to Messrs. Joe and Chas. Connor, they to get possession in the near future. The many friends and neighbors, realizing this, met in the spacious and stately home on Friday evening and after a couple of hours' frolic and fun were called to order by Councillor Malcolm Black, who in a few appropriate sentences told of the reason for their gathering and called Mr. and Mrs. Moffat and Cecil to the front, when Miss Lily Black read a most complimentary address and Miss Katie Quillinan made them the presentation of a handsome purse as a token of their good will and respect. Mr. Moffat's reply was a most apt one and he dwelt on the kindness received from them while resident here, of the good fellowship always existing and wished them the best of luck in return for their good wishes. A short prayer programme followed, in which Mr. Jos. Haley sang, Miss Lily Black gave a bright recitation and others joined in happy song. A royal feast, a merry dance, a genial hour or two and the company wended their way homewards, regretting to soon lose neighbors who have proved most practically helpful and sympathetic.

Only a Youth, but Never Knew a Boyhood

George Adams is a very weak boy—he's so weak he can't even turn the pages of a book without feeling pain. He has a good many brothers and sisters and his parents are very poor. So when George put on long trousers—he was just 12 at the time—he became a man and took upon himself the task of earning money for the family.

He went to learn a trade in an iron foundry, where fumes and hard work undermined a weak system and sowed future trouble. Now and then one other working member of the family would press carrying through sickness or loss of job, and George would have to keep his nose to the grindstone a few more hours each day to make up for it. His life was just work, work, work, until one day he dropped on the floor. The company physician who examined him, prescribed a year or two at the Muskoka Hospital for Consumptives. He can't understand why he never had a boyhood and none of the good things of life, but he's fairly happy—he knows separation from his family and regards them. He's content, and he still has hope.

There are many just such deserving cases in need of treatment at the Muskoka Hospital. Will you lend a hand?

Contributions may be sent to Hon. W. A. Charlton, 223 College Street, Toronto.

Your Earning Years Are Limited

DO your plans provide for independent support when your earning years are past?

Out of 100 men at age 25, statistics show that at age 55, only 7 will be in good circumstances, with 30 already more or less dependent. At age 60, about 5 will be independent, another 5 still working for a living and 54 dependent on others. Of every hundred widows, 82 are left unprovided for.

A savings account started now in this Bank and regularly added to during your earning years, will keep you and yours out of the "dependent" class.

A \$25 monthly deposit will, with compound interest in this Bank amount to nearly \$3500 in 10 years and to \$8211 in 20 years.
