After prayer and Scripture reading, Miss Inez Colman, on behalf of the Sunday School, read the address, and Miss Mabel Brown made the presentation. Games of various kinds were indulged in, and a dainty supper served by the ladies interested in the Sunday School.

### Village Council

The Village Council held a special session on Monday evening at which the members were all present.

One of the chief items of business to be dealt with was the serious situation which has developed in connection with the waterworks system because of the shortage of the water supply in the power dam. Since the installation of the system, a chopping mill has been operated with the surplus water supply, but the present shortage made it imperative that this be discontinued for the present at least. Mr. Thom Teeter, who has been in charge of the pumping station for several years, has been engaged on a new agreement to do the pumping and commenced on the new arrangement on Tuesday. There is no doubt that it will inconvenience many who have been in the habit of getting their grain chopped done at the mill, but this inconvenience, it is hoped, will be overcome before long.

The members of the Council have become convinced that it will be in the interests of both the town's public utilities to have them placed under the management of separate Commissions and By-Laws will be prepared and put through during the present year, so that such Commissions may be elected at the beginning of the next year.

### Markdale Shipping Association Meets

The Annual Meeting of the Markdale Live Stock Shipping Association was held in the Department of Agriculture on Friday, January 12th, 1923. Thus, the meeting of the U.P.O. Live Stock Department at Toronto, was present and gave a very interesting address on the marketing of live stock. He assured the farmers, that a properly finished animal brought a good price at any time and he wished they would forget entirely that there was a Christmas or an Easter trade and market their stock when it was ready, and it would be better for them.

The following statement shows the amount of stock shipped during the year 1922:

Total no. of cars	76
Total no. of cattle	508
Total no. of hogs	2451
Total no. of sheep & lambs	1294
Total no. of calves	174
Total selling value	\$116,222.54

After paying for all losses, we have in the insurance account \$778.33, and property and equipment worth \$332.10.

Since May 1st, we have handled goods worth of flour, feed and produce with a profit, after paying all expenses, of \$27.00.

In the evening a public meeting was held in the Armouries, and splendid addresses were delivered by Mr. W. A. Amos, Hon. Col. Carmichael, and Mr. Chas. McCurdy.

Miss A. G. McNeil gave a detailed account of the procedure at Parliament since she was elected; also how and why she voted on each bill.

The Cameron Highland Band supplied excellent music.

The meeting closed by singing the National Anthem.

The Armouries was so cold that it was most uncomfortable for those who attended. We do not know who was to blame for the lack of heat, but it was most regrettable and those responsible should see to it that on all future occasions the building is properly heated.

### Another Fire Scare

At an early hour on Monday morning, fire was discovered in the Murphy House and the prompt response to the alarm by the fire brigade prevented but little damage being done. The Matthew's barber shop is located in the North corner of the building and the partition between this and the hallway in Mrs. Sullivan's boarding house was burned through. Immediately behind one of the stoves in the barber shop, it is supposed that the fire originated from the stove. The upper part of the building was filled with smoke when Agnes Sullivan awoke and gave the alarm. Mrs. Sullivan and family got out in their night clothes, the two boys, John and James, running immediately to the bell, John Heathers, a boarder, got out through a window. The water pressure was low and fortunately the blaze had gained but little headway and was soon under control. It was another close call for the town and, thanks to the efficiency of the fire department, was little more than a scare.

### Mrs. James Wilson

In the passing on Sunday, December 24th, of the late Mrs. James Wilson, the Beaverdale district in Euphrasia Township loses one of its most highly respected residents. The deceased was a daughter of the late Mr. and Mrs. Robert Mathers, and was born in the township of Essa, 69 years ago. While yet a child, the family moved to Euphrasia township. In February 1874, she was married to James Wilson, and they took up residence on the 9th line, where they continued to reside until compelled by failing health to retire. Since giving up farming, they resided with their daughter, Mrs. Richard Clark, where she deceased received the most attentive nursing during her illness.

The late Mrs. Wilson was a mother of superior qualities and a true and loving wife. She was a good neighbor and always found time to render assistance in the time of need. During her illness, extending over many months, she was never heard to complain, but bore her affliction with the true Christian spirit of those with that blessed assurance of eternal rest.

She was a member of the Anglican church and an active worker in the Women's Auxiliary.

The funeral, which was largely attended, took place the following Tuesday to the Markdale Cemetery, Beaverdale, Ontario.

Many beautiful floral tributes were placed upon the casket: "Gates ajar," from husband and family; sprays from Mr. and Mrs. John Lee, Markdale; Wilfred and Roberta Wilson, Downsboro, and from E. C. Melnitz.

Those left to mourn are the husband, two sons and two daughters, her aged mother, five sisters and two brothers, to whom deep sympathy is extended in their bereavement.

### The Late Thomas Boland

Last week The Standard made brief reference to the death of Thomas Boland, which sad event took place at Georgetown on January 4th, 1923.

The late Mr. Boland was for some years a resident of Markdale, having conducted a wholesale lumber business. His business in this line was quite extensive, shipments having been made to many American cities as well as to the more important in Canada, and to Liverpool, England.

He was a most devoted member of the Methodist church and, during his residence here, was most active in the interests of that church. He was a competent official, a faithful teacher in the Sunday School, a Class leader and a local preacher.

Interment was made in the cemetery at Owen Sound.

The deceased bore his last sufferings with great Christian fortitude, and the nurse who stood by his bedside said that she had seen many die, but had never seen such a peaceful passing before. Truly "precious in the sight of the Lord is the death of His saints."

### Euphrasia District L. O. L.
